PUBLIC INFORMATION MEETING

Topic: Ellington Route 83 Corridor Study

Thursday, January 29th, 2015 at 7 PM

Town Hall Meeting Room (Top Floor)

Hosted by the Ellington Planning and Zoning Commission and Planimetrics

How should Ellington guide future development along Route 83?

Residents, business owners, and interested parties are invited to participate in open discussion on key factors such as land uses, zoning, and build-out to help guide future development in the Route 83 corridor. The Commission has been studying the Route 83 corridor and has prepared a report with recommendations.

The meeting will provide an opportunity for Ellington residents to listen to a short presentation about the Corridor Study and then provide comments and feedback to the Commission. Following the meeting, the Commission will be looking at further refining the strategies in the Corridor Study before considering the recommendations for further action.

PLEASE PLAN ON ATTENDING!

The report may be found online at:
