

TOWN OF ELLINGTON
DEPARTMENT OF PUBLIC WORKS
NOTICE TO BIDDERS FOR DISASTER EQUIPMENT RENTAL

In light of my miscommunications to all contractors who were on hand for the pre-bid meeting, this bid opening will be delayed by one week and will be opened on March 29, 2012 at 3:00 PM.

The delay is due to the bid bond having to be submitted with the bid proposal. The performance bond does not and will not be until the bid is activated.

See attached Section F. regarding bid bond and form.

Should you have any additional questions or concerns please contact the Public Works Office at 860-870-3140.
