ELLINGTON
A Great Place to Grow!
**Sherwood Merk**

Born in Rockville, Sherwood had a 40-year career as a SNET installer-repairman, but he didn't let that stop him from enjoying his other interests, including back road crosscountry traveling throughout America (including Alaska), repairing clocks, hitting the slopes at Fox Hill, and spending days at the Crystal Lake Water Skiing Club.

However, his real passion was the development and growth of Ellington Rescue Post 512; this unique program allows high school students to receive emergency medical training and assist on ambulance calls during the school day. A thirty-year EVAC volunteer, Sherwood was instrumental in the reestablishment of the Post, and spent twenty years serving as the advisor, trainer and leader of the program, one of the only of its kind in the State of Connecticut. In his time overseeing Ellington Rescue Post 512, it transformed from a fledgling group to a renowned organization of exceptional youths. During the years under Sherwood's tutelage, the Post received such accolades as the IBM Give and Learn Award, resulting in Ellington High School receiving $80,000 worth of new computers, as well as the Silver Beaver Award from the Boy Scouts of America.

First Selectman, Lori Spielman said "Sherwood had immeasurable influence on Ellington's youth. Many attribute their careers in the medical field to his guidance and mentoring, and these individuals stayed in touch with him throughout the years."

The impact of Mr. Merk's contribution to the Town of Ellington is widespread and his spirit of helping others will continue to be felt by many. His absence may be felt from his tables at the Chuck Wagon and Gerry's Donuts, but through his induction to the Wall of Honor, he will never be forgotten.

A formal induction ceremony was held on Saturday, September 8, 2018 at the site of the Wall of Honor located in Arbor Park.
Dear Fellow Ellington Residents:

Before we get into the financial highlights, I would like to thank all the employees and volunteers who work to make our town a truly great place to live. We need to recognize those who protect us and keep us safe. Our police, volunteer firemen and EMT's who are on duty protecting us while we are sleeping in our warm beds. Our town has one of the best educational programs around and we need to thank our school administrators and teachers, whose dedication and concern for the future of our children provide this most important service. In addition, our children and adults benefit from well run and comprehensive recreational programs. Our seniors benefit from a new senior center. We all benefit from the services offered by Hall Memorial Library. Our town roads and facilities are well maintained. Thank you to all those who make Ellington the town it is.

Last year at this time we were experiencing a dilemma as we did not know how much in state aid we would be receiving. This, as you can well imagine, made our budget making process very difficult. Ultimately, the state cut the amount of aid it provided Ellington by approximately $1,450,000 from what it provided us for the 16/17 FY. Fortunately we did not have to send out supplemental tax bills or cut core services as many of our surrounding towns were required to do. We instituted a freeze on new hires and any non-critical spending plus we were fortunate to have funds left over from the 16/17 year including $190,000 from the Board of Education. This allowed us to live within the budget approved by the voters.

Another major occurrence during the past few months is that Moody's confirmed our financial rating of Aa3 which is very good for a town our size. The town’s financial rating has a direct impact on its ability to borrow and borrow at a competitive interest rate. Not all Connecticut cities and towns were so fortunate.

Now the news for the coming year. We will maintain the existing mill rate of 31.7 which is a zero increase over the past year. We were able to do this due to the state returning some of the cuts they made in state aid, an increase in the grand list of 2.29% and sound management of our limited funds by all departments.

I want to thank all the members of the Board of Finance and members of our town Finance Office who have managed the difficult job of balancing the financial needs of the various departments with the concerns of the taxpayers. They have done a commendable job in managing the funds necessary to provide the services necessary and expected while keeping the best interests of the taxpayer in mind.

August 3, 2018

John Rachek, Chairman

GENERAL GOVERNMENT ADMINISTRATION

BOARD OF SELECTMEN

HIGHLIGHTS

The Board of Selectmen is collectively responsible for the administration of the town offices, the maintenance of the town highways and parks, the public safety of its citizens, the keeping of financial accounts and the appointment of administrative officers, boards and commissions.

The Board of Selectmen met at least once each month. There were a total of fourteen (14) regular meetings plus four (4) special meetings. Three (3) public hearings were held. The Board of Selectmen called seven (7) Town meetings including the Annual Budget Town Meeting. All these meetings were duly warned and tape recorded with the minutes being filed in accordance with the Freedom of Information Act. The following are some of the primary items addressed by the Board of Selectmen during fiscal year 2017-2018:

REFERENDA:

• May 15, 2018: annual town budget: “Shall the town of Ellington appropriate, as recommended and as allocated by the Board of Finance, the total sum for all expenditures, a/k/a budget grand total for the fiscal year 2018-2019, $58,396,875?” Vote: Yes 362, No 308

AGREEMENTS:

• Revised the language of the Procedure/Agreement for Hiring Ellington Town Police Officers for Traffic Control at Highway Construction Sites/Special Events to clearly define that travel time is not included in the calculation of hours
• Authorized the First Selectman to sign the lease agreement between the Town of Ellington and Oakridge Dairy, LLC, to lease for agricultural purposes thirty seven (37) acres of property at $6,475 per year from December 1, 2017 through November 30, 2019; thirty (30) acres of property at $5,250 per year from December 1, 2019 through November 30, 2020 and twenty three (23) acres of property at $4,025 per year from December 1, 2020 through November 30, 2022 in accordance with the lease agreement.

CONTRACTS:

• Authorized the First Selectman to execute the agreement between Prospect ECHN Home Health, Inc. d/b/a Visiting Nurse & Health Services of Connecticut and the Town of Ellington, effective July 1, 2017-June 30, 2018
• Awarded the contract for the purchase of breathing apparatus for Crystal Lake Fire Department to Firematic Supply Co. Inc. of Rocky Hill, CT in the amount of $165,719.72
• Authorized the First Selectman to execute a contract on behalf of the Town of Ellington with the Connecticut Department of Emergency Services and Public Protection, Division of State Police, for the services of five (5) Resident State Troopers for the period of July 1, 2017 to June 30, 2019.
• Awarded the contract for the 2017-18 snow plowing season, effective November 1, 2017 through April 30, 2018, to Cooker Construction, LLC of Somers, Connecticut, as recommended by the Director of Public Works
• Renewed the contract with Adams & Adams Building Services, Inc. to provide cleaning services for a one-year extension to December 31, 2018
• Ratified the contract between the Town of Ellington and Ellington EMS Professionals and Volunteer Ambulance Corps IAEP Local R1-512 Employees Union Contract through June 30, 2019 and authorized the First Selectman to execute said contract
• Authorized the contract for consulting services to assist with the Plan of Conservation and Development Comprehensive Review and Update to Goman & York of East Hartford, CT as recommended by the Ad Hoc Plan of Conservation and Development Update Committee
• Authorized the contract for lead paint inspection services for the FY 2017 Small Cities Housing Rehabilitation Program to Enviroplan, LLC and authorized the First Selectman to execute the contract agreement
• Authorized the First Selectman to award contract to Nana’s Ice Cream, Stafford Springs, CT for ice cream vendor services at Sandy Beach for the 2018 season
• Renewed the contract for the service and maintenance of the Town’s computer system for an additional year to April, 2019, with The Computer Company of Cromwell, CT
• Authorized the First Selectman to execute the agreement between Prospect ECHN Home Health, Inc. d/b/a Visiting Nurse & Health Services of Connecticut and the Town of Ellington, effective July 1, 2018-June 30, 2019

EQUIPMENT:

• Released the title and authorized the Director of Public Works to dispose of the Board of Education 2008 GMC Savanna Passenger Van, as requested by the Board of Education
• Released the title and authorized the return to Bolles Motors of the Board of Education 2010 Jeep Liberty, as requested by the Board of Education
• Waived the bidding process for a Crystal Lake Fire Department F-550 Mini-Pumper Demo Forestry Truck from HME Incorporated for $200,000, with a lease between the Town and Leasing 2, Inc. for five years at an interest rate of 2.45%
• Awarded bid for EVFD Triple Pumper Fire Truck from Five Star Fire representing Sutphen for $589,748.96, with a lease between the Town and Leasing 2, Inc. for five years at an interest rate of 2.45%
• Authorized the Director of Public Works to dispose of the 2002 International 36,000 GVW Truck with an all-season dump body as requested by the Director of Public Works
• Authorized the Director of Public Works to exchange equipment with the Town of Granby, where the Town of Ellington receives a top dressing unit for athletic fields and the Town of Granby receives a tailgate spreader unit
• Authorized the Ellington Volunteer Fire Department to dispose of a Poseidon Breathing Air Compressor, defragmentation fill station, and retired MSA air packs
• Awarded bid for Ellington Volunteer Ambulance Corps ambulance to Eastford Fire and Rescue Sales, Inc. of Eastford, CT in the amount of $219,632.00

Feldman, Sr., Permanent Building Committee; Susanne Hannigan, Human Services Commission; Bryan Harvell, Ad Hoc Emergency Services Committee; Shawn Koehler, Water Pollution Control Authority; Christopher Todd, Economic Development Commission; John Turner, Ad Hoc Emergency Services Committee; Janet Wieliczka, Library Board of Trustees
• Recognized the following Board/Commission/Agency members for 30 years of service: Tom Boscari, Parks and Recreation Commission; Ken Braga, Zoning Board of Appeals
• Granted Special Event License: Truck and Tractor Pull – June 23, 2018
• Granted Special Event License: Great American Jeep Rally – September 15, 2018
• Granted Special Event License: Mud Bog – September 22, 2018
• Granted the request of the Organizers of the November 3, 2018 5K Road Race to close Town roads during the event

BOARD OF FINANCE

PRINCIPAL FUNCTION

The Board of Finance is the Financial Authority of the town. The Board of Finance represents the taxpayer on all matters concerning the receipt or expenditure of taxpayer funds. The Board also represents taxpayer interests in other policy or operational matters which would affect the tax base or impact the future receipt of taxpayer funds. While the Board of Finance’s principal responsibility is in the preparation of the annual budget, the Board works closely with the Finance Director to establish and enforce fiscal policy, and implement the recommendations of the town auditors. The Board also directs fiscal policy such as the establishment of Reserve Funds, and the allocation of funds among sectors such as departmental budgets, capital expenditures and debt service.

The Board of Finance meets monthly, except during the period of January through April, when it meets weekly toward assembling the annual budget.

Board of Finance
Back Row (L-R) Barry Pinto, Michael Varney, David Olender
Front Row (L-R) Peg Busse, John Rachek, Chairman; Douglas Harding

RESPONSIBILITIES

• Hold public hearings from January through March on submitted departmental budgets.
• Hold the annual Budget hearing in April.
• Deliberate and approve a completed budget for taxpayer approval.
• Upon budget approval by taxpayers, the Board sets the mill rate.
• Authorize/deny expenditures in excess of budgeted amounts.
• Authorize/deny the issuance of Municipal Bonds.
• Monitor town revenues and expenditures on monthly basis.
• Interview and engage the outside auditing firm.
• Prepare the Annual Town Report.
• Provide fiscal expertise to other town boards and agencies.
• Observe and consult in labor contract negotiations.
• Represent the town’s financial position in contract arbitration hearings.
TOWN ASSESSOR
PRINCIPAL FUNCTION

The primary responsibility of the Assessor’s Office is to annually compile the Grand List (record of all taxable and tax-exempt real and personal property). This is accomplished by identifying and valuing all of the property located in the Town of Ellington as of October 1 of each year. Property is assessed equitably in accordance with applicable law so that every property owner bears the appropriate share of the total property tax burden. Accomplishment of this requires uniform assessments within each category of property.

Real Estate assessments are 70% of the fair market value as established by the October 1, 2015 revaluation. Motor Vehicle assessments are 70% of retail market value as of October 1 of each year. Business Personal Property assessments are based on 70% of original cost less depreciation for equipment and machinery filed annually.

The Assessor’s Office is also responsible for administering various exemptions and tax relief programs. These programs are directed to benefit active military servicemen and veterans, the totally disabled, the blind, senior citizens, manufacturers, charitable organizations, farmers and owners of land classified as farm, forest and open space.

HIGHLIGHTS
• Implement the October 1, 2017 Grand List
• Enhance and update the GIS parcel base layer and property maps
• Successfully implement and complete the 2020 Census Local Update of Census Addresses Operation (LUCA)

FINANCE OFFICER/TREASURER
PRINCIPAL FUNCTION

The Finance Officer is responsible for the accounting and reporting of all financial transactions for the Town of Ellington. Other duties include the investment of Town funds, preparation of financial statements, submission of annual budget to the Board of Finance, preparation of bid documents, purchasing agent, and serving as financial advisor to all boards and agencies. The Finance Officer oversees operations in Tax Collector and Tax Assessor’s offices.

HIGHLIGHTS
The Finance Office accomplished or assisted in the following projects:
• Assisted in administration of Small Cities grants
• Oversees Information Technology
• Assisted in administration of Capital Projects –Crystal Lake School Addition/Renovation/Windermere Alterations
• Retained Moody’s AA3 credit rating
• Affordable Care Act reporting requirements
• Streamlined Chart of Accounts for State of Connecticut reporting requirements
• Assisted in the voluntary CIRMA and OSHA review of Town
• Assisted Human Resources with updating Personnel Rules and Regulations
• Assisted Human Resources with employee trainings to reduce liability
• Assisted Department of Public Works updating the Animal Control Facility
• Assisted the Recreation Department creating the Poulin Fund
• Assisted the BOS with revision of ordinance Ellington Code 32-5
• Reduction in CIRMA rates due to Town proactive risk control enhancements
• Created Town exposure Control Plan-OSHA requirement
• Budget Presentation at the Senior Center
• Lease-EVFD Air Compressor and MSA SCBA
• Lease-CLFD Forestry Truck
• Lease-Board of Education Van
• Lease-Board of Education Computer
• Prepare Bonding Resolutions for the Town Hall Addition
• Renovation/Turf Athletic Fields

TOWN ASSESSOR
PRINCIPAL FUNCTION

In accordance with the General Statutes of the State of Connecticut (Inspection Sec. 7-14) “an inspection of the Land Records of each municipality in this state must be done annually.” The Land Records Inspector is appointed by the Board of Selectmen for a term of one year, which commences in January. The Land Record documents prepared by the Town Clerk’s Office have been inspected for the period from January 2017 through December 2017, the corrections and certification has been completed and sent to the Public Records Administrator.

TOWN ENGINEER

In July, 2017 the Board of Selectmen appointed J. R. Russo as Town Engineer for the Town Planner, Public Works and any additional engineering needs. Buck & Buck Engineers in Hartford continued throughout the fiscal year as Engineer for the Water Pollution Control Authority. In November 1980, the Ellington Board of Selectmen established the policy that the Town Engineer shall be utilized by all town boards and commissions. Upon the request of a town agency, designation of a temporary town engineer for a particular function to be performed may be approved by the Board of Selectmen when it is deemed to be in the best interest of the town.

LAND RECORDS INSPECTOR

In accordance with the General Statutes of the State of Connecticut (Inspection Sec. 7-14) “an inspection of the Land Records of each municipality in this state must be done annually.” The Land Records Inspector is appointed by the Board of Selectmen for a term of one year, which commences in January. The Land Record documents prepared by the Town Clerk’s Office have been inspected for the period from January 2017 through December 2017, the corrections and certification has been completed and sent to the Public Records Administrator.

Upon the request of a town agency, designation of a temporary town engineer for a particular function to be performed may be approved by the Board of Selectmen when it is deemed to be in the best interest of the town.
TAX COLLECTOR
PRINCIPAL FUNCTION

The Tax Collector is responsible for the billing and collection of the real estate, motor vehicle, personal property taxes, water assessments, trash collection fees, sewer use and assessments. These responsibilities are governed by Connecticut State Statutes, Town Charter, and Town Ordinances.

A consistently high rate of collection is the key to fiscal stability for the town and remains the number one priority of the Tax Collector. Balancing the need to maintain a high rate of collection with the sensitivity necessary to deal with the individual taxpayer issues is an integral part of the tax collection function.

TOWN CLERK
PRINCIPAL FUNCTION

The duties and responsibilities of the Town Clerk’s Office consist of the following, most of which are governed by State Statute, others by Town Charter and the Board of Selectmen. The State Statutes govern the duties and responsibilities of the Registrar of Vital Records.

- Recording documents related to real estate transactions
- Collection of conveyance taxes
- Filing and maintaining maps, trade names, liquor permits, military discharges, and Notary Public Certificates
- Posting notices of meetings and for filing minutes and notices received from various Boards and Commissions, as required by the Freedom of Information Laws
- Preparation of absentee ballot election material for all elections, primaries, referenda.
- Registration of voters and accepts applications for voters wishing to change their party affiliation
- Issuance of marriage licenses, burial, cremation and transit permits and certifies copies of birth, death, and marriage certificates.
- Annual registration of dogs
- Sale of Sportsman Licenses
- Aircraft Registration Official
- Records and prepares minutes of Town Meetings
- Issues and maintains all Raffle & Bazaar Permits

All Town Meeting Minutes are on file in the Town Clerk’s Office. The Town Clerk also serves as accepting agent for civil actions brought against the Town and is responsible for processing claims and lawsuits and submitting them to the Town Attorney, Selectmen, insurance carrier, and the department involved.

HIGHLIGHTS

- On-line Dog registration is available through the Town website.
- Awarded Historic Document Preservation Grant for $4,500.
- Land record indexes are available on the internet at no cost to public.
- Land record images are available at a nominal charge.
- All recorded survey and subdivision maps are available electronically for public retrieval in the Town Clerks office.

There are several statutory methods used to collect past due taxes. Liens are placed on all past due real estate accounts, demand letters are prepared and mailed and non-responsive accounts are referred to the Town Attorney for Tax Sales or foreclosure. UCC liens are filed with the Secretary of State on all past due personal property accounts. All past due motor vehicle accounts are reported to the State Department of Motor Vehicles, which prevents residents from renewing their registration.

The Tax Office provides ongoing technical information and assistance to taxpayers, attorneys, bankers, appraisers, and leasing companies. We deal electronically with escrow services and banks which make it more critical for the customer to ask questions if there is a discrepancy.

PLANNING DEPARTMENT
PRINCIPAL FUNCTION

The Planning Department serves six permanent land use commissions. The commissions include the Planning and Zoning Commission, the Inland Wetlands Agency, the Economic Development Commission, the Zoning Board of Appeals, the Conservation Commission, and the Design Review Board. Department staff consists of a full-time Town Planner, a full-time Assistant Town Planner Wetland and Zoning Officer, and a full-time Land Use Assistant.

In addition to carrying out planning, permitting and enforcement duties, department staff provides assistance to members of the development community and the general public. The planning department also coordinates closely with other town, state and federal agencies and their staff. Land use policies are created by the commissions and then incorporated into local planning documents. Related policy objectives are then translated into land use regulations and related procedures. Planning Department staff assists elected and appointed officials to achieve these objectives by administering the regulations and procedures.
TOWN ATTORNEY

Dorian R. Famiglietti
Kahan, Kerensky & Capossela, LLP

The Town Attorney is appointed by the Board of Selectmen to be the legal advisor to the Board, the First Selectman and all Town officers, departments, boards and commissions in all matters affecting the Town. During the past year as Town Attorney, I have been involved in the following:

- Counseling the First Selectman and Board of Selectmen on: various budget issues and priorities; adoption of new ordinances and revisions to existing ordinances; contracts for the provision of certain services to the Town; contracts for the purchase of various equipment for the fire departments; contracts for the purchase of new computers for the Board of Education; continuing issues relative to improving the efficient and cost-effective provision of emergency services to the residents of the Town.
- Assisting the 2017 Charter Revision Committee on various matters being considered in connection with the preparation of its draft report.
- Working with the Assessor and Tax Collector to represent the Town in a handful of tax appeals and collecting a number of delinquent tax accounts, via tax sales and foreclosures.
- Working with the Planning Department and land use commissions on: legal opinions relative to new development proposals; reviewing various easements being granted to the Town in connection with approved developments; reviewing amendments to the Zoning Regulations; and contracting for the update to the Town’s Plan of Conservation and Development.
- Working with Public Works on: contracting relative to the provision of various services for the Town; contracting for the replacement of the Library roof; and acquisition of easements in connection with sidewalk improvements along Middle Butcher Road.
- Assisting the Water Pollution Control Authority on sewer benefit assessments.

BOARDS, AGENCIES AND COMMISSIONS

PLANNING AND ZONING COMMISSION (PZC)

The PZC is responsible for maintaining and updating the Plan of Conservation and Development (POCD) for the town, as well as processing subdivision, site plan, special permit, and other development applications. These applications are processed in accordance with regulations such as the zoning and subdivision regulations. In addition, the PZC reviews proposed public infrastructure for consistency with land use goals and objectives and makes recommendations to the Board of Selectmen. Through its staff, the PZC ensures that developments comply with applicable regulations and approved plans. This is accomplished through plan review and site inspections and the issuance of zoning permits and certificates of zoning compliance.

The PZC pursues implementation of the goals and objectives of the POCD. The Connecticut General Statutes require that municipalities prepare or amend a POCD at least every ten (10) years. During this report period, the Ad Hoc Plan of Conservation & Development Commission was established and efforts are underway to comprehensively review and prepare amendments to the 2008 POCD. The POCD is primarily an advisory document and is intended to provide a framework of consistent decision making in conservation and development activities in town over the next ten years. More specifically, the POCD:

- Establishes land use policies to guide residential and commercial development in town;
- Encourages economic development;
- Protects natural, scenic and cultural resources, and promotes quality of life for residents;
- Enhances and preserves rural character and small-town aesthetics;
- Supports policy to promote development towards appropriate areas and away from sensitive areas;
- Supports comprehensive and flexible land use goals to effectively manage growth in a responsible manner.

Subdivision and zoning regulations are the main tools that the town uses to implement conservation and development practices. These regulations are living documents and amended from time to time in accordance with the goals and objectives of the POCD.

HIGHLIGHTS

- Four (4) zoning regulation amendments including:
  - Section 7.15 Alternative Energy - Solar (New section)
  - Section 7.9 Rear Lot Requirements (Remove residential only restriction)
  - Section 7.1 Accessory Apartments (Remove 1-bedroom limitation and increase floor area of apartment from 35% to 50% of floor area of primary dwelling or 1,000 s.f. maximum)
  - Section 6.3.8 Temporary Signs (Repeal existing regulations and replace with new section)
- Three (3) subdivision applications approved, resulting in four (4) new building lots.
- Fourteen (14) other zoning applications were reviewed involving site plans and modifications, special permits and modifications, earth excavation permits or renewals, zone changes, and referrals to the Board of Selectmen regarding municipal improvements or bonding actions.
- One hundred and sixty-one (161) Zoning Permit applications were processed.

INLAND WETLANDS AGENCY (IWA)

The IWA is responsible by state law to protect inland wetlands and watercourses. The wetlands and watercourses are an interrelated web of nature essential to an adequate supply of surface and underground water; to hydrological stability and control of flooding and erosion; to the recharging and purification of groundwater; and to the existence of many forms of animal, aquatic and plant life. Wetlands are defined by state law, and include certain soils that are poorly drained, very poorly drained, alluvial (found along a watercourse or water body), and floodplain soils. The IWA regulates activity within the wetlands and watercourses as well as areas either one-hundred (100) feet or two-hundred and fifty (250) feet away from the resource. The IWA does this by way of approving permits in accordance with the Inland Wetlands and Watercourses Regulations, and enforcing the regulations through field inspections, permit suspensions or revocations, notices of violation, cease and desist orders, and if necessary, by fines. The regulations also permit some operations and uses as of right or as nonregulated however the IWA must be notified to make this determination prior to the commencement of the activity.

</table>
REGISTRAR OF VOTERS

The registrars are responsible for organizing and conducting elections, primaries and referenda. They are also accountable for registering and maintaining accurate voter records for the town. These activities include annually canvassing town residents who are on the voter rolls but have not exercised their right to vote in several past consecutive elections with the objective of updating active voter files. They also hold voter registration drives at the high school, farmer’s market and other venues.

Registrars in all towns report to the office of the Secretary of the State who serves as the Commissioner of Elections for the State of Connecticut and is charged with administering and implementing election laws in state and federal elections. Each registrar undergoes a rigorous training and testing regimen to secure certification by the State of Connecticut and must maintain their certification through a continuing education program designed specifically for election officials. The registrars work closely with the Town Clerk in many aspects of elections.

The Registrars of Voters are elected officials of the town who serve four year terms and will be on the November 2018 election day ballot. The Republican Registrar is Wanda DeLand who has served for thirteen years and has completed the requirements for full state certification. Susan Lugrinbuhl who served Ellington with distinction for fifteen years in the position of Democratic Registrar resigned in March 2018. Lois Timms-Ferrara, a Democrat and resident of town for 19 years has taken on these duties in April 2018. As of this writing, Lois is halfway through the certification program.

In November 2017 there was a municipal election held to fill several offices within our town governing bodies. Voter turnout for that election was 32.7%. In May of 2018 the Budget Referendum was held at the Ellington Senior Center. The town budget was passed, however voter turnout was a low 6.9%.

There are two voting districts in town: District 1 holds elections and primaries at the Ellington High School and District 2 votes at Crystal Lake School. There are a total of 9,759 active registered voters in town, compared with 10,385 last year. This table offers the number of registered voters by political affiliation compared to last year at this time in each of our districts:

If you are interested in registering to vote or wish to update your name, address or political party affiliation on your voter registration file, you may do so online at www.sots.ct.gov or drop by Town Hall at 55 Main Street. There are also registration cards available at Hall Memorial Library that may be dropped off or mailed to the Registrar’s Office.

PERMANENT BUILDING COMMITTEE (PBC)

The Permanent Building Committee has eleven members who are appointed by the Board of Selectmen. The duties of this board are to investigate sites for future public building and to make recommendations as requested by the Town Meeting for acquisition and construction of all building projects and/or work with construction costs of over $20,000. The Committee may investigate sites and make recommendations of acquisition and construction of building projects and/or work with construction costs of less than $20,000 if requested to do so by the Board of Selectmen. The Committee undertakes such functions as: surveying sites, recommending acquisition, preparation and disposition of sites and buildings, engaging architects and engineers through quality base selection, approving plans, procuring bids and entering into contracts for construction, supervising construction and accepting work as authorized and delegated by the Town Meeting.

HIGHLIGHTS

There were no town building projects taking place during FY 2017-18; therefore, the Permanent Building Committee did not meet.

AD-HOC CRYSTAL LAKE MILFOIL COMMITTEE

New England Aquatic Services (NEAS) spent 14 days and 140.5 Diver Assisted Suction Harvesting hours between August 7, and August 31, 2017 removing Variable Leaf Milfoil (Myriophyllum heterophyllum). Twenty of the hours were donated to the Town of Ellington by NEAS. The Crystal Lake Association provided $3,000 to help fund the work. Four hours were spent performing the Annual Maintenance by surveying the lake for previously undetected invasive plants. Work off of the Town Beach consisted of 76.75 hours (1.7 acres), 25.5 hours (1.23 acres) in the Dam Area, 14 hours (0.21 acres) off of Northeast Cove, and 20.25 hours (0.3 acre) in Aborn Cove for a total of 140.5 hours (4.93 acres).

Water Quality monitoring was performed throughout the 2017 season in the open water areas of the lake and in Aborn Brook. Parameters being tested are phosphorous, dissolved oxygen and temperature in the main body of the lake, and total phosphorous and nitrate nitrogen in Aborn Brook. Water quality in the lake was mostly all excellent indicating that Crystal Lake had water quality equal to or better than most prior years. Aborn Brook has had increased nitrate levels in the past few years. Continued and additional monitoring is recommended. Additional lake monitoring into November is recommended to verify that the dissolved oxygen is replenished at the lake bottom at the end of the season.

Northeast Aquatic Research performed a comprehensive aquatic plant survey of the littoral lake on September 26, 2017 and issued a report on October 3, 2017. The results and recommendations are as follows:

Variable Milfoil: The plant survey revealed 5.55 acres of milfoil in the lake. The milfoil was most prevalent in the Northeast Cove Area (1.6 acres), the Dam Area (1 acre) and outside the Town Beach Area (2.78 acres). There were also scattered patches (0.18 acre) outside Northeast Cove and a small area in Aborn Cove. Comparing to the 2016 survey the divers reduced the coverage area and density outside the Town Beach Area, the Northeast Cove and an area along the western shore. A few plants remain in the areas worked due to possible missed plant and regrowth. The Dam Area and the Town Beach Area should be prioritized for harvesting in 2018.

Mud-mat: During the 2017 survey Mud-mat (Glossostigma) was found to have expanded to occur almost continuously along the western shoreline in shallow water (about 18”) and small patches along the eastern shoreline. Although Mud-mat is generally not perceived as a nuisance species, it should be closely monitored to insure that it does not become an issue in Crystal Lake.
RECOMMENDATIONS FOR FY 2018-2019:
• Continue the annual maintenance in the main body of the lake.
• Clear milfoil from the Dam Area at the north end of the lake (1 acre). These plants are being fragmented and spreading around the lake.
• Remove milfoil in the Town Beach Area (2.78 acres)
• Remove milfoil off of the Northeast Cove.
• Perform a comprehensive lake wide aquatic plant survey in the fall of 2018.

Suction harvesting is anticipated to begin around the second week in August, 2018.

AD HOC PATRIOTIC COMMITTEE

The Ellington Patriotic Committee was established in 2009. Its primary function is to develop, plan, arrange, supervise, and conduct programs and activities that foster pride and patriotism among the citizens of the town and to make recommendations for such programs and activities to the Board of Selectmen for approval, when required.

The committee organizes and conducts Memorial Day activities, including parades at both Crystal Lake and the center of town, services at the Crystal Lake Cemetery and Center Cemetery and an indoor program held in the Gordon Getchell Auditorium at EHS. Each ceremony at the cemeteries and EHS include remembrances of the 17 Ellington residents who gave their lives in WWII, Korea, Vietnam and Lebanon. The committee also raises funds with Wreaths Across America in order to place wreaths on veterans’ graves in town cemeteries at a ceremony in December. Additional programs conducted by the committee include a special flag burning ceremony in June to discard of worn or damaged American flags.

It is the committee’s goal to encourage the citizens of Ellington to participate and offer suggestions for future programs.

AD HOC ELLINGTON BEAUTIFICATION COMMITTEE

The Ellington Ad Hoc Beautification Committee was established in 2017. Its primary function is to enhance the beauty of the Town’s public access areas and to help promote pride in our community. The Committee has five (5) members and meets periodically during the year to plan and to work on projects that take place during the different seasons.

Attractive large flower pots are planted up during the spring and are placed around the center of Town where they can be enjoyed. You can see them at the Town Hall, Town Hall Annex, Hall Memorial Library, the Animal Control Office and the Senior Center. Beautiful red, white and blue flower pots were placed at the Rotary.

AD HOC ELLINGTON TRAILS COMMITTEE

Keep Ellington Moooooving!

The Ellington Ad Hoc Trails Committee was established in 2017. Its primary function is to maintain and advance the Town’s trail system, thus promoting pride in the community of Ellington and creating more opportunities for residents to enjoy the Town. The Committee consists of ten members and they have been very busy.

They have held numerous workdays, putting in countless hours clearing debris from areas of the West Road Trail and the Metcalf Property, and members have been seen blazing and marking trails to make navigation easier for new hikers! They have a very active online presence through the Ellington Trails Committee Facebook page, where news of future events and projects can be found. Check out our Facebook page at https://www.facebook.com/Ellingtontrails/.

The Committee wants to “Keep Ellington Moooooving” and is working hard to provide residents with beautiful local trails that all ages can enjoy.
ETHICS COMMISSION

The Ethics Commission was established to promote and affirm the ethical behavior of the Town’s boards, commissions, employees, and officials, both elected and appointed. The Commission operates under a Code of Ethics that was approved by the Board of Selectmen in January 2014. The Commission is available to receive inquiries and requests for advisory opinions submitted from town officials, employees, consultants or residents regarding possible code violations. The procedure for submitting a complaint is outlined in the Code of Ethics which can be found on the Town website on the Ethics Commission page. The “Ethics Complaint Form” is also available on the website or may be obtained through the Town Clerk’s Office. The Commission is also charged with disseminating informational and educational materials to enhance public awareness of the Code of Ethics.

The Commission consists of five members who serve staggered terms of four years. Vacancies are filled by the Board of Selectmen in accordance with the Ellington Town Charter. The Chairman and Vice Chairman are elected annually. Currently the Commission meets quarterly over the course of the year and is served by five residents of the Town.

AD HOC COMMITTEE FOR THE PRESERVATION OF THE PINNEY HOUSE

The Ad Hoc Committee for the Preservation of the Pinney House has been functioning primarily as the Friends of the Pinney House, Inc, which is the name of our tax-exempt organization. The same group of people are on both committees, but using our 501(c)(3) status allows us to pursue grants and accept donations and, in this capacity, we are not a part of the town government.

We have received donations from several supportive Ellington residents, which we truly appreciate, and a few years ago we received a generous, private donation which allowed us to apply for a grant from the CT Trust for Historic Preservation. This grant required matching funds. The purpose of the grant was to hire an architect with preservation experience to draw up preliminary plans for our vision for the Pinney House. We hope to restore the downstairs interior of the house to its original 18th century splendor and to make it available to citizens as a community center emphasizing the cultural arts and education.

Since the upstairs was so rearranged and damaged during its many transformations in the 20th century and there is very little historic detail to restore, our plan is to convert the upstairs to office space.

We hired Mr. Bob Hurd of the ARCHITECTS in Hartford CT to draw up the plans for this vision. The plans were completed in Nov 2016 and we presented them to First Selectman, Lori Spielman in January 2017, with both the architect and representative from the CT Trust present. In April 2017 we presented a timeline of the work that was completed at the Pinney House to the Board of Selectmen. This timeline began with the formation of the Ad Hoc Committee in 2004 and progressed to the renovation of the exterior of the building which we completed in 2011, using the funds from a STEAP grant from the state. The timeline concluded with the recent architectural plans for the renovation of the interior.

In July of 2017, a group of state officials visited the Pinney House at our request, to help us in our continuous efforts to secure funds and to make suggestions for the proper use of the building. Rep. Chris Davis, Rob Michalik of the Dept. of Economic Development, and Mary Dunne of the State Historic Preservation Office were in attendance. They were all impressed with the antiquity of the house and its fine proportions and historic detail that were still in place after more than 2 centuries. The Pinney House also boasts an impressive history that speaks to its importance as a relic of our colonial past and the prominence of its original owner in our state history. The state officials approved of our plan for the house and were going to research grants that might be applicable for the Pinney House. They also suggested that the office space upstairs might be useful for the town since the town needed additional office space, and that, if town officials chose to use the space, they might help us with the completion of the project. However, town officials led us to believe that this was not a viable option because of its lack of proximity to town hall and the difficulty of finding a town service that could function adequately at the Pinney House. Other issues were mentioned as well, some of which were already addressed in our plans. For example, we plan to make the building handicap accessible which will solve one problem and the parking situation, we believe, can be worked out satisfactorily. Another problem, that of not placing too much load on the old building, means that the occupants of the office space would have to be chosen carefully so that this would not be a big issue.

Most recently, in October of 2017, Greg Farmer from the CT Trust for Historic Preservation visited the Pinney House after a spell of heavy rain. We noticed water getting into the basement. We had been concerned about moisture since the architect alerted us to the problem. Mr. Farmer identified several areas that needed to be addressed in order to solve the water problem. We have been implementing these changes, with the help of the town, for the past several months. Hopefully, we will have this problem solved with one or two more small improvements.

The Ad Hoc Committee for the Preservation of the Pinney House is committed to the completion of this restoration project. It has been a very long process. As the Friends of the Pinney House, Inc., we are continuing our search for sources of funds so that we can finish the job. In the meantime, we watch over the Pinney House, as does the town, to make sure that all is well.

We are always looking for new members. Donations to our 501(c)(3) are always helpful.
The Ellington Resident Troopers Office (RTO) is committed to reducing motor vehicle crashes, thwarting criminal activity and providing residents with a safe environment to live and raise families. This is accomplished through strict enforcement of state statutes, community policing models, D.A.R.E program, School Resource Officer (SRO) program and active preventative patrol. The RTO continues to supplement enforcement efforts with periodic DWI saturation patrols under the CT DOT Highway Safety Office DWI Grant.

**HIGHLIGHTS**

During the past year the RTO has continued its tradition of becoming immersed within the community by participating in Town events and assisting Youth Services. Troopers/Officers provide traffic safety and foot patrol to events including the Fireman’s Parade/Carnival, Winterfest/5K Race, Sprint Triathlon, Farmers Market, Jeep Rally/Mud Bog and MDA Motorcycle Ride. The RTO also provides a child ID kit that allows parents to obtain fingerprints and photographs of their children to be used if they become missing/lost.

The Ellington RTO serves as host and lead agency for the Tri-Town (Ellington, Stafford and Somers) Juvenile Review Board (JRB). The JRB consists of TFC R. Richardson (Ellington RTO), sworn member of Somers RTO, sworn member of Stafford RTO, member of Youth Services and a member of State DCF. The JRB is intended to divert from Juvenile Court children who have committed minor delinquent acts or whose behavior at home or school indicates they are at risk of delinquency. The JRB process is voluntary and informal, and include options such as warnings, counseling, apologies or community service.

The Ellington RTO also continues its service to the Crystal Lake community of Ellington by providing Marine patrol services on Crystal Lake and increased patrol services on weekends/holidays. Our Marine Patrol administers vessel safety inspections and enforcement on Crystal Lake to promote water safety.

**BUILDING OFFICIAL**

**PRINCIPAL FUNCTION**

The Building Official is responsible for public safety, health, and welfare as it relates to the use and occupancy of all town buildings and structures. The Building Official’s office is located in the Town Hall Annex.

Building inspections are generally completed within one or two days of an inspection request.

**FIRE MARSHAL**

**PRINCIPAL FUNCTION**

The Department of Town Fire Marshal performs both investigative and code enforcement roles within our community. Direct responsibility for the investigation of all fires, explosions and hazardous materials incidents and code compliance inspections of most properties (single and two-family residential properties are exempt) are mandated by Connecticut General Statutes. Applications for administrative and criminal search warrants and for arrest warrants are filed with the court system when determined by investigation to be appropriate.

Annual code compliance inspections are conducted of all special events and all permanent or temporary buildings, occupancies, facilities, whether new, existing or under construction or renovation. The number of mandatory annual inspections approaches 2,850.

In cooperation with the appropriate state agencies, permits are processed for all liquor establishments, day care centers, group day care homes, explosives operations and open burning. Construction plans for buildings and occupancies regulated by the Connecticut Fire Safety Code are examined for approval prior to the issuance of building permits and certificates of occupancy are approved following completion of that construction.

Comparison statistics are provided below as an aid in determining the effects of the past twenty years of town growth and the Town’s ability to meet its lawful obligations to fire investigation and code enforcement functions.

*2017 Firefighter of the Year                      **Currently on Military Leave

The greatest care and concern are given to those who become sick or injured. The most up to date rescue tools and techniques are used to extricate those who have become injured as the result of a motor vehicle or industrial accidents. Our rescue personnel work with the Ellington Ambulance to provide the best possible care for the sick and injured. For those patients in need of advanced life support or trauma team services, the Rockville General Hospital Paramedic Unit, frequently supported by the Life Star Helicopter transport team, are requested.

The Ellington Volunteer Fire Department, Inc. formally signed a multi-year agreement in 2009 to provide services to the Town of Ellington as outlined in the Town of Ellington Charter as revised.

During these last few years there has been a greater need for additional volunteers. Every volunteer fire department across the state is experiencing shortages of manpower. It is not easy with today’s employment and family commitments to be a volunteer firefighter. Many hours of training are required to be a part of our emergency service delivery team.

For information about how you can become a volunteer or if you wish to learn more about your local emergency services you can pick up information at the Town Hall, the Ellington Center Fire House on Main St., visit our award winning website at: www. ellingtonfire.org, our Facebook page at: facebook.com/ellingtonfd or leave us a message at 860-870-3190.

INCIDENT REPORT SUMMARY

Below is a summary of emergency response statistics for the time period July 1, 2017 through June 30, 2018. During this period, the department responded to 771 emergency calls totaling 566 hours, which equated to more than 5164 donated man-hours for emergency services. Significant incident activity for the year included multi-family structure fires and several large mutual aid fires.

The following outlines the emergency activity and related services provided by the department to the Town of Ellington:

Fire, Explosion .................................... 36
Rescue, Emergency Medical Service .......... 490
Hazardous Condition, Standby ................. 83
Service Call ......................................... 52
Good Intent Call .................................... 30
False Call ............................................ 78
Other .................................................. 3
Totals: .............................................. 772

To report an emergency, enhanced 911 telephone services are available throughout our community. Persons reporting emergencies are able to communicate directly with our regional emergency dispatch center.

MEMBERSHIP TRAINING & ACTIVITIES

During the year, Ellington firefighters spent over 7500 hours in departmental training activities. Several officer drills were conducted in the area of planning, management skills, interoperable communications, incident command and regional response plans. The Ellington Volunteer Fire Department hosted a nationally recognized speaker to increase operational safety. Training sessions were also conducted throughout the year with surrounding mutual aid fire and rescue departments in topics such as: National Incident Management System (NIMS), Rural Water Supply and Live Fire Training. The Ellington Fire Department also hosted and sponsored several courses this past year including: Emergency Medical Technician Refresher, Fire Officer III, Firefighting and Rescue, Hazardous Materials and OSHA reviews.

Attendance at regionally sponsored training programs included classes in the following skills; firefighting, hazardous materials, emergency medical training, incident command, live burn exercises, decontamination, management and planning, water
noted that extensive efforts were necessary to meet these regulations and nineteen. Cadets have the opportunity to participate in the regional emergency service activities. Members actively participate conducted as required by DOT, DMV, OSHA and NFPA. It should be to their own dedicated training and activities. Their participation at same programs and training as the regular membership in addition department represents a valuable part of our organization. As they hazardous activities. The insights and support they bring to the fire emergency incidents is restricted to assure they are not exposed to

Task Force deployments in Connecticut and Massachusetts. throughout the Tolland County area as well as Strike Team and materials incidents in the capitol region, dive team responses For the forces. Responses of our members of these teams included several on several State Fire Rescue Disaster Plan; Strike Teams and Task on The Capital Regional Hazardous Materials Response and Mutual Aid Fire Service Dive Team and Search and Rescue Team. The Ellington Volunteer Fire Department also actively participates Incident Management Teams in addition to the Tolland County on The American Fire Chiefs Conference in Ledyard CT.

It is essential that we continue to support the volunteer character of the emergency services that protect our community. To aid in this effort the Town of Ellington’s emergency services instituted a program to provide funds to run a volunteer incentive program in an attempt to attract new volunteers as well as increase the activity of the current members. Members are paid a monetary stipend based on their activity levels. Since the inception of the program, we believe the program has benefited the town by attracting more members and increasing the activity of the existing staff.

The town continues to experience an increased growth rate and we have continued planning to meet the needs of our community in the years to come. The need for improved and additional facilities to adequately provide protection to the community, apparatus replacement and relocation, are areas of immediate concern. The town has appointed an emergency services committee and had previously hired a consultant to review the services provided to the town by the emergency service agencies to address these areas which need improvement.

Thank you for your continued support, respect and help in making this, the 90th year of our service to the community, a safe and successful year for everyone.

For more information on our department’s activities and programs please visit us on the internet at www.ellingtonfire.org or www.facebook.com/ellingtonfd.

CADET FIREFIGHTER PROGRAM

The Cadet Program is open to youths between the ages of fourteen and nineteen. Cadets have the opportunity to participate in the same programs and training as the regular membership in addition to their own dedicated training and activities. Their participation at emergency incidents is restricted to assure they are not exposed to hazardous activities. The insights and support they bring to the fire department represents a valuable part of our organization. As they grow in experience and age they are brought into the organization where there training continues.

FIRE PREVENTION & PUBLIC SAFETY EDUCATION

The Fire Prevention and Public Education Team had another busy year. Over 20 public education programs were conducted including presentations at Kindergarten through Grade 2 elementary schools, Pre-K programs in addition to other area nursery schools. The presentations were designed for younger children with the emphasis on attempting to build a comprehensive understanding about fire and awareness of safety. During the year we also provided several tours to groups at our firehouse and spoke to other organizations on fire and safety related issues. Please contact us if you would like to set up an appointment for us to host or speak to your organization.

INCENTIVE PROGRAM

Paving the driveway and parking lot at Station 243, July 2018
E911 MUNICIPAL COORDINATOR

This office has several key functions that help to deliver efficient emergency services to the citizens of Ellington. Since the start of the statewide E911 emergency network your local coordinator has maintained a Master Street Address Guide, MSAG, for the telephone computer database. This insures that all streets and all street numbers assigned to properties on those streets are within the parameters of the E911 database guide. New streets are added to the database at time of construction. Existing streets are adjusted for extensions or additional lots. Several times during the course of a year conflicts will arise and need to be reviewed by this office. I also consult with the Planning Department and Building Official concerning street names and house numbering.

In cooperation with the Ellington Volunteer Fire Department, Crystal Lake Volunteer Fire Department, Ellington Volunteer Ambulance Corps and the Connecticut State Police Resident Troopers Office, this office insures the efficient handling of all 911 calls for assistance. As a member of a regional dispatch center that serves as our Primary Service Answering Point, PSAP, the Town of Ellington is able to provide a professional answering and dispatch service at a very economical rate.

Legislated financial support for regional dispatch centers and 911 PSAP’s distributes funds for the continued operation of these vital communication centers. Funds collected from telephone user fees are distributed to all eligible dispatch centers across the State of Connecticut. The funding formula for distribution of these revenues supplements operating expenses, capital improvements and dispatcher training. That funding has been held to FY 09-10 funding levels. Any increase in operating expenses, salary or capital project costs are passed along to the member towns of the regional center. The Department of Statewide Emergency Telecommunications is reviewing the content of a report on the operations of Primary Service Answering Points across the state. It is of the greatest importance that any adjustments to the funding formula continue to support the regional concept of shared services.

Increase usage of the system, communications coverage and inter-operability between jurisdictions and agencies continues to be a priority and a challenge for the county planning committee as they move forward to implement the long range plan. Dispatch software upgrades, base radio replacements and compliance with the FCC narrow banding requirements have been addressed. The radio console equipment was completely upgraded. Infrastructure improvements have been made at the dispatch center as well as some remote tower sites to keep up with the ever increasing communications needs. Our PSAP has moved to the next generation 911 platform supplied by the State of Connecticut. The dispatch center staff has begun the process of moving to a new version of the Computer Assisted Dispatch (CAD). It is expected the process will be complete in late 2018. A Mobile Command unit has been outfitted for field service assignment for large and lengthy duration events.

The Crystal Lake Fire Department proudly continues to provide fire and emergency medical services to the Crystal Lake Community while providing assistance to surrounding communities. The department has proudly served the Crystal Lake Community for the last 84 years. The department’s primary mission remains the protection and preservation of life and property during fire and other emergencies. The department is staffed by state certified Firefighters, Emergency Medical Technicians, and Emergency Medical Responders and continues to operate out of the Firehouse located at 316 Sandy Beach Road where all apparatus and equipment is housed. We are proud of the dedication and commitment of the membership that makes the success of the department possible. The members contribute thousands of hours of time away from their homes and families to make the emergency service delivery in the fire district as effective as possible.

The department responded to a total of 300 calls for service, totaling 3,632 man hours volunteered to fulfill the emergency needs of the community. The fire department is prepared to respond to and mitigate numerous emergencies such as structure fires, vehicle fires, hazardous materials leaks, motor vehicle accidents, emergency medical incidents, water and technical rescue.

With the responsibility of responding to a variety of emergencies, members maintained or advanced required skills through in-house training drills and by attending courses offered by the Connecticut Fire Academy, Hartford County Fire School, Department of Environmental Protection, and the Office of Emergency Medical Services. The members of the Crystal Lake Fire Department participated in a total of 2,924 hours of training through in-house training drills and by attending courses offered by the Connecticut Fire Academy, Hartford County Fire School, Department of Environmental Protection, and the Office of Emergency Medical Services. The members of the Crystal Lake Fire Department participated in a total of 2,924 hours of training during the course of the year. Attendance at these courses included classes in the following skills: Fire Officer, Fire Service Instructor, Firefighting, Hazardous Materials, Emergency Medical Services, Incident Command, Safety Officer, Live Burn Exercises, Rapid Intervention Teams, Extrication, Search and Rescue, and Technical Rescue.

The Crystal Lake Fire Department has been able to expand on its number of certified SCUBA divers on the department and have

done extensive training in Crystal Lake learning different rescue techniques and maintaining their skills. Department members certified as divers and support may also participate as part of the Tolland County Dive Team. These members train with the dive team attending drills and meetings each month.

We would like to formally thank the residents of the community for supporting us this year in the purchase of a new 2017 Ford F-550 Mini-Pumper built by HME Ahrens-Fox. The new apparatus is a smaller version of an attack pumper designed to be taken off the primary roadway or into area the larger apparatus is unable to access. The apparatus is equipped with a 1500gpm pump and 300 gallons of water on board as well as a class A foam system, giving it the same ability as its larger counter parts. This apparatus has already proven itself to be an excellent addition to the department and will serve the town for the next 25 years.

We would also like to thank the community for their support in allowing us to purchase our new SCBA (self-contained breathing apparatus) which is worn by the firefighters entering environments that are immediately dangerous to life and health. These new SCBA are state of the art technology in the fire service and will serve the department for the next 15 years. They will give the firefighters operating in hazardous environments enhanced safety features and new technology allowing them to operate more safely and effectively under strenuous conditions.

Our medically trained personnel, consisting of Emergency Medical Technicians and Emergency Medical Responders, work side-by-side with Ellington Volunteer Ambulance Corps to ensure the best pre-hospital medical care possible. In addition, for serious medical emergencies requiring advanced care we work with the ASM & AMR Paramedics and the Life Star Helicopter. Our members continue to train diligently and routinely to make sure our patients receive excellent pre-hospital care.

The Crystal Lake Fire Department currently has over 30 members on our roster. The department is continuously looking to expand its membership with new members. If you would like to receive more information on volunteering please stop into the fire station and speak to a member, visit our webpage at www.crystallakefire.org, or call us at (860)870-3174. We also offer a junior membership program to the youth of the community. Junior members are able to join at sixteen years of age and get the opportunity to train and operate with the fire department members and learn about the fire service under the supervision of an advisor.

Each October, our department visits the Crystal Lake School during the national fire prevention week to teach the students the importance of fire prevention and fire safety. All students K-6 are given the chance to talk with a firefighter about the importance of fire safety, how to properly use 9-1-1, see and touch equipment used by firefighters so they have more understanding in the event of a fire, and most importantly fire prevention.

The Fire Officers of the department have also completed over 8,900 hours of administrative and support work to complete all required reports, testing, and paperwork as well as assuring proper coverage of the district ensuring the residents receive premier service when they are in need.

The Crystal Lake Fire Department would like to thank our families, friends and the Town of Ellington for their continued support in our efforts as we strive to make our community a safe place to live in. We would also like to thank all the businesses and residents of the Crystal Lake area for their support in the community and all donated monies toward the purchase of equipment. We hope for everyone’s continued support and hope the best for the community and all the residents.

### OFFICE OF EMERGENCY MANAGEMENT

The Office of Emergency Management (OEM) Services encompasses; Emergency Management Director, two Deputy Directors and the Ellington CERT Team under the direction of a Deputy Director. The Unit’s mission is to prepare the Town to respond to all emergency incidents; weather related, hazmat and human initiated mass casualty events. The primary goals of the OEM Office are the preservation of life, recovery from emergency incidents and the education of the Town residents, schools and businesses in preparing for an emergency incident.
Purpose
The OEM develops, maintains and updates Emergency Operation Plans. The plans enable the Town to respond to all emergency incidents in an expeditious and coordinated manner. Preparation for emergency incidents entails; training drills, testing equipment, response time, coordination with fire, police, ambulance and hospitals in the Tolland County area. During an actual Emergency Incident, the First Selectman is the Director of the emergency response. It is OEM’s responsibility to have current data concerning the Towns; businesses, schools and population areas. This information will provide the scope of an Emergency Incident. The OEM manages Town resources during a disaster. The OEM is the conduit between the Town and the State and Federal Government, when there is a need for their assistance during disasters.

Preparation, Training, Activities
During the spring of 2018, OEM conducted a Town-wide test of the Everbridge Emergency Notification System. Residents were contacted via; text, email, cell phone or hard line phone. Many notifications were made during the test exercise.

In August 2018, the North Central District Health Department, determined there were high levels of bacteria in Crystal Lake. The water was unfit for human usage. The information was forwarded to Town businesses and Residents through the Everbridge Emergency System. Subsequently, when the Health Department approved the lake for human usage, Residents and Town Businesses were notified via the Everbridge System.

OEM initiated a marketing program for Town residents to enroll in the Everbridge Notification System with an ultimate goal of 100% compliance. To enroll in Everbridge call OEM; 860-870-3182.

OEM, coordinating with the Fire Marshal Office, Police and school officials are working to strengthen school responses to all potential hazardous incidents. (Human, chemical, fire, etc.) During a large scale Emergency Incident, a number of special services are activated. The Ellington High School is the primary Town Emergency Shelter. The Middle School and the Crystal Lake School are the back-up Emergency Shelters. Each shelter has an emergency generator providing full power to each facility. The Ellington CERT team operates the shelter during activation. Ellington ambulance personnel and Police have a presence at the shelter when it is open.

In 2018, forty cots were obtained to increase the overnight capacity of the Town Shelters. Bariatric cots were included. These cots are larger than the normal cot, to allow space for a medical device if needed by a shelter occupant.

In the past year the OEM applied for and received grant money to help offset the cost of OEM operations.

The Ellington OEM participated in the Governor’s 2018 Emergency Planning and Preparedness Initiative. The exercise entailed a severe weather related incident. The Town Emergency Operations Center was opened to respond to the incident.

OEM made upgrades to the Town Emergency Operations Center (EOC) located in the Town Ambulance Building. Upgrades to the EOC communication capability are planned for the 18-19 fiscal year.

The Emergency Management Director and the Deputy Directors participated in many training and education exercises, related to emergency Incidents.

OEM is working with Ellington Emergency Services Units in conducting a Mass Casualty exercise for the fall of 2018. The exercise will simulate the collapse of a large facility in Town. There will be 20-25 victims.

Community Emergency Response Team (C.E.R.T.)
The team is composed of volunteers from Ellington and surrounding Towns. Currently the CERT group has thirty-five members. The Team is supported by Federal and State money. CERT members receive training in fire safety, basic first aid, Ham Radio, traffic management, (members help provide traffic and crowd control at events, parades, fireworks displays, Fairs) in Ellington and surrounding Towns in the Tolland county area. Additionally, CERT provides assistance to first responders and non-hazardous search and rescue. The Ellington CERT program has a Ham Radio Team that has the capability to provide communications during Town Emergency Incidents. The Ham Radio Team can provide communications assistance to other Towns in the Region during their emergency incidents.

In the fall of 2017, Ellington CERT members participated in a criminal investigation - searching for evidence. The search was in conjunction with a State Police investigation involving the recovery of a body in Shenipsit Lake. CERT members searched a heavily wooded four mile area that followed the Ellington border of Shenipsit Lake. The goal was to find evidence that was related to the body found in the lake.

During the last Holiday Season, the CERT Team worked with the Human Services Dept. and adopted needy seniors and one family in need. The CERT Team provided; food, gift cards and gifts to the needy people/families.

Ellington CERT Members provided over 500 hours of volunteer time during the 17-18 year.

The Ellington CERT members are to be congratulated for their outstanding service to Ellington and surrounding Towns. If you want information to become a member of this outstanding group, email Deputy Emergency Management Director John Streiber at: jstreiber@ellington-ct.gov. You must be 18 years of age, pass a criminal background check and successfully complete the 24-hour CERT Basic Training Course to become a CERT member.

PRINCIPAL FUNCTIONS

The Ellington Volunteer Ambulance Corps. (EVAC) has been providing emergency medical service to the Town of Ellington and its surrounding communities for the past 55 years. All crews and equipment meet or exceed the State of Connecticut requirements and remain fully licensed through examination and inspection.

An active first response system allows EVAC and both fire departments to render immediate lifesaving care when it is needed most. All members are provided with emergency medical supplies and are encouraged to respond whenever possible. Additionally, automated external defibrillators (AEDs) are provided to most active members for rapid response to victims of acute cardiac arrest.

EVAC continues its commitment to current and ongoing training by sending representatives to both state and national EMS conferences. This allows EVAC members to remain educated concerning the latest challenges and updates affecting the provision and delivery of emergency medical services. In addition, EVAC remains an active source of First Aid and CPR training to various organizations and individuals in our community. As part of this commitment, the number and locations of AED’s in town has been expanded to provide ease of public access and maximize the chance of survival during acute cardiac arrests. As a result of this effort, the Town of Ellington was designated a Heart-Safe Community by the American Heart Association.

As a responsible municipal member of the Town of Ellington, EVAC is working in conjunction with other departments and the town to streamline services and reduce costs to the taxpayers whenever possible. In addition to the centralization of the AED program, EVAC is the central purchasing point for all EMS supplies for town wide fire and rescue services. Funding for this is provided by utilizing money generated by ambulance billing resulting in a reduction of the town budget.

EVAC continues to look to the future by providing sponsorship for Ellington Rescue Post 512. All of these high students assist EVAC by responding to calls during the daytime hours. All Post members become certified by the State of Connecticut as either EMRs or EMTs and most continue their medical education beyond high school graduation. Members are held to high academic standards in addition the rigorous medical training they must excel at.

In addition to emergency medical service exposure, Post members participate in various events throughout the year. Post members have started a new tradition of “Boxes of Hope”. Members sleep in boxes over-night and collect non-perishables from members of the community. These items are then turned over to our town pantry at Social Services. ERP also adopts a family for both Thanksgiving and Christmas. Not only are they helping those less fortunate, but they are also learning about those less fortunate.

MEMBERSHIP

Like any active organization, EVAC is always looking for good members. Prospective members must be committed to providing high quality emergency care at any hour of the day or night. EVAC provides uniforms, continuing education and equipment at no cost to all members.

For additional information, please call us at 860-870-3170 or visit us on our web-site at www.ellingtonambulance.org

Ellington Volunteer Ambulance Corps would like to take this opportunity to thanks our families, friends, and the Town of Ellington for their continued support as we strive to make our community a safer place to live.

ANIMAL CONTROL DEPARTMENT

PRINCIPAL FUNCTION

Ellington Animal Control is responsible for the enforcement of the Connecticut State Laws pertaining to domestic animals. This department responds to complaints of violations of Animal Control Laws by telephone by way of voice mail. The officers also investigates complaints of vicious, diseased or neglected and abused animals as well as impounding stray and roaming dogs. Impounded animals are cared for at the animal control facility by the officers. Unclaimed animals are carefully evaluated before being placed for adoption. Following the month of June, when all dog owners must renew their dog licenses, a search for unlicensed dogs on the delinquent dog license list begins. The Officers do assist the police and the public with animal emergencies. The Animal Control Department makes every effort to ensure that all functions of this department and the operation of the shelter are carried out in the most economical manner with cost savings in mind, while providing the highest degree of professional service to the townspeople.

The Animal Control Department consists of Animal Control Officer, Barbara Murdach and Assistant Animal Control Officer, Kathy DiBacco. The shelter is open to the public seven days a week from 9 a.m. to 5 p.m. The shelter is open to the public seven days a week before being placed for adoption.

To reach Animal Control, please call (860) 870-3155. Appointments are required to visit the animals available for adoption. The Animal Control Facility, which is located on Main St. behind the Fire Station, is the holding quarters for stray, roaming and relinquished dogs and also quarantined dogs and cats. Nuisance wildlife calls are handled through the State of CT D.E.E.P. Wildlife Department at (860) 424-3011. Ellington Animal Control provides assistance to the community so that pets and people can co-exist safely and peacefully. An important role of this department is to work closely with the public to educate about laws, solve problems and offer advice on the care and concerns of pet ownership.

Join Ellington Animal Control’s Facebook page to stay up to date on news, lost & found animals and pets available for adoption. We are very grateful for the support and help we get through our network of friends. Keeping the community involved and up to date on current events and news is extremely important.
important for our department. We do ask that you please contact our office directly by telephone for complaints and reports of lost & found animals, so we can attend to them properly.

The State of CT Animal Population Control Program, offers a Low-Income Pet Sterilization voucher. This program helps CT low-income residents by providing vaccination/sterilization vouchers for their pets. An application must be completed and submitted to the CT State Animal Control Division. Applications are available at our office or online. To qualify, the applicant must already qualify for one of the low-income state assistance programs listed on the application. For more information, please call the State Animal Population Control Program Unit at: (860) 713-2507.

On June 9, 2018 a Rabies Clinic was held at the Ellington Farmer’s Market. It was sponsored by the Ellington Center Animal Clinic with assistance from Ellington Animal Control. The doctors and staff from Ellington Center Animal Clinic administer Rabies vaccines and implant Microchips. Ellington Center Animal Clinic donated a portion of the proceeds from this clinic to a fund for the medical needs of the animals at the Ellington Animal Control Facility. Thank you to the Ellington Farmer’s Market for allowing us to be there and partake in the festivities, as well as a Huge Thank you to the Ellington Center Animal Clinic for donating their time, resources and to coordinate such a great fundraiser for the animals at the Ellington Animal Control Facility. The support from the community attending the Rabies & Microchip clinic was fantastic!

Ellington Animal Control has a web page to view adoptable shelter pets on Petfinder.com. This website has greatly increased our ability to find our homeless pets new homes, as well as post found animals in search of their owners. The adoptable animals are spending less time in the shelter waiting to be adopted. The internet has offered us greater exposure for advertising these homeless pets. Dogs and cats are adopted out under the Connecticut Animal Population Control Program. This program is for unaltered pets adopted from a Connecticut municipal shelter and provides two vaccinations and assists with the costs of sterilization. The Animal Population Control Program intends to reduce the overpopulation of unwanted dogs and cats and to also reduce the cost and burden to the towns coping with pet overpopulation. The fee for adopting a pet under this program is $50 which includes the voucher.

HIGHLIGHTS

The new perimeter fencing at the Animal Control Facility has been completed and looks great. The old stockade fencing was very worn out and we decided to go with a more permanent chain link fencing that will last much longer. The perimeter fencing is required and insures that the animals are safely confined and prevents after hours visitors from having contact with the animals.

The interior walls in the dog pound have all been replaced. We have a bright new look as well as some upgrades to our old sink and plumbing. This was long overdue and since this is a very old facility it is important to keep it up to date and in good repair.

On a final note, Ellington Animal Control would like to thank the local town people, girl scouts, school groups and the local businesses that have made donations to the Ellington Animal Control Facility. These donations help make the animals that come through our facility a little more comfortable and well fed. It is wonderful to work for a community that cares so much for animals.

PUBLIC WORKS DEPARTMENT

PRINCIPAL FUNCTION

It is the duty of the Department of Public Works to maintain, repair, clean, and remove snow from all public streets and ways; maintain and operate storm sewers and other drains; care for and maintain all town buildings other than those under the jurisdiction of the Board of Education; prepare or supervise the preparation of plans and specifications for the construction or reconstruction of streets, sidewalks, curbs, gutters, storm sewers, drains, public buildings and other structures and construct or supervise the construction of the same; to care for parks, grassed areas in streets and public grounds, including athletic fields under the jurisdiction of the Board of Education and the Parks and Recreation Commission; to plant and care for trees within the street line; to enforce ordinances imposing on owners of property obligations to construct and maintain sidewalks, curbs, gutters, storm sewers and drains; contract with the Water Pollution Control Authority for the maintenance of the facilities and grounds which come under the jurisdiction of the Water Pollution Control Authority.

HIGHLIGHTS

ROAD WORK:

• Rubberized chipseal treatment placed on Crane Rd, Broad Brook Rd, Reeves Road Ext. and Griswold Road.
• Sidewalk repairs on Pine Ridge, Wappingwood Road, and Maple St.
• Catch basin repairs throughout Woodside Acres in preparation of paving. Other catch basins repaired as needed on Elderberry Lane and Lookout Landing.
• Paving completed on Cider Mill Rd, Blueberry, Raspberry, Deborah, Lanz, David and Overhill Rd.

BUILDING PROJECTS:

• Continued to work with Fuss & O’Neill on the Town Hall Expansion and Turf Fields.
• Work with CRCOG on Route 83 Sidewalk project
• Animal Control Facility rehab
• Work with Engineer on Middle Butcher Rd sidewalk and road project.
• Generator installation at Station 243
• Sewer projects inspected this year Deer Valley North apartments, Windermere Village, Aberle Farms

EQUIPMENT PURCHASES:

• 2018 Freightliner Plow/Dump truck
• Staff Car for First Selectman
• Security cameras and monitors purchased and installed throughout the town buildings.
• Parks trailer
• Sweeper for the Steiner

SNOW/DEBRIS REMOVAL:

• 23 Call Outs for 64” of snow
• Purchased 3,025 tons of Clear Lane and 362 tons of salt

GARBAGE AND RECYCLING:

• 2017-18: Ellington residents recycled 1,362 tons
• The DPW shed is open Monday through Friday from 6:30 am – 3:30 pm and on the MidNEROC schedule which is the first and third Saturday of the month from 9:00 am -12:00 noon
• Electronics Recycled 39.73 tons
• Textiles recycled 2.35 tons. Textiles are either donated or recycled depending on the condition. Also included are linens, footwear, belts, hats and purses as well as stuffed animals. Items must be bagged.
MISCELLANEOUS
• DPW held its Annual Open House on May 24.
• The DPW oversaw 7 evictions in the community.
• Working on the Jacob Poulin project to develop conceptual plans for Middle Rd.
• Installed solar powered LED sign at intersection of Windsorville/Pinney Rd.
• Installed new flagpoles at the Roundabout.
• Installed new scoreboards at the High School baseball and softball fields.

WATER POLLUTION CONTROL AUTHORITY:
• Continuing to monitor the H2S4 levels at the Vernon Pump Station
• Continuing grinder pump inspections and maintenance at Crystal Lake
• Sewer lines being flushed out on a continuing basis as time permits

RECREATION:
• Over seeding and aerating fields
• Flag Pole installation at Brookside Park
• Yearly inspection of bleachers and grandstands
• Continued field preparation on a daily basis as required.

ASSESSMENT OF NEEDS
• Continued commitment of the five-year road-resurfacing program
• Continued equipment replacement as per Capital Improvements Program

The Sunset Hill Trail starts on Town of Ellington land near the end of the paved section on the north side of Porter Road. The trail climbs up a steep wooded slope between outcroppings of ledge and crosses onto Northern CT Land Trust property. At the top of the hill there is a picnic area with glimpses of the Connecticut River Valley. The trail continues through a stand of white pine and loops back down the hill. Approximate distance is 0.8 miles.

The Batz Trail is located on Town of Ellington land at 97 Shenipsit Street. Trails extend in a westerly direction just beyond on-site parking. The main trail leads to a peach blazed trail that circles a field on the northeast section of the property and is 0.26 miles. The Batz Trail also leads to a blue blazed trail that circles the western section of the property and is 0.57 miles. The majority of trails loop through wooded forest over slight sloping terrain.

The West Road Trail starts at the rear parking lot at 4 West Road (Route 83) Vernon - Ellington town line, follows Hockanum River downstream, and eventually ends at Lower Butcher Road. This trail is about 2 miles round-trip.
2  Balanced Boulder Trail (Tolland Tpke)

The Balanced Boulder Trail is located on the Northern CT Land Trust's 58 acre Emie Boothroyd Nature Preserve on the Tolland Turnpike. There is limited parking along the side of the road. The trail climbs gradually through stands of mountain laurel and occasional rock ledges. The trail forms a large loop and skirts the edge of a marsh before returning to the starting point. Sightings of deer, turkeys and other wildlife have been reported. Total distance is approximately 1.2 miles.

Trail Features

1  Kiosk

P  Parking

3  Windermere Trails (Windermere Ave)

The Windermere Trail starts at the Windermere Avenue bridge parking lot and follows the river and an old railroad line through dense forest with views of wetlands and ferns, and past a pond for a hike of about 2 miles round-trip.

There are several trails that lead off from the Windermere Trail. These include the Spur Trail 0.2 miles round-trip, the Pinney Fields loop trail 0.13 miles, and the Y Trail 0.5 miles on the YMCA property.

4  Franklin Street Trail

The Franklin Street Trail starts in Vernon on Franklin Street, near the Windsorville Road intersection. It proceeds upstream past lush wetlands, tall blueberry bushes, ground ivy and spectacular views of the Ellington Marsh section of river, past several benches facing the river to a high point and beyond. It is approximately 1.5 miles round-trip.
Recyclables are collected every other week. Shaded weeks = pick-up weeks

D = one day delay for New Years Day, Memorial Day, July 4th, Labor Day, Thanksgiving and Christmas
When a holiday falls on a Saturday or Sunday there is no delay in the collection schedule.
All items for curbside pick-up must be placed outside by 6:00 a.m. on pick-up day.
VETERANS’ SERVICE REPRESENTATIVE (VSR)

PRINCIPAL FUNCTION
The responsibility of the Ellington Veterans’ Service Representative is to:
• Ensure that our Veterans and Service Members have access to the support services to which they are entitled.
• Act as the coordinating agency in all matters concerning veterans and their dependents.
• Assist with connecting to the services and facilities of the veteran’s organizations.

The VSR, working with the Department of Public Works and supported with contributions from Community members and organizations, established a tribute to all military members, “Past + Present” at the rotary located at the corners of Pinney Street, Windsorville Road, Skinner Road, and Wapping Wood Road. The tribute consisted of flags from all branches of military service and a POW flag surrounding the U.S. flag, the CT State flag and Town of Ellington flag.

An enhancement to the Veterans Memorial located on Sandy Beach Road across from the Crystal Lake School has been approved and is scheduled for completion during the fall of 2018.

Mr. Palombizio, working with the Human Services Department, established a monthly Coffee House meeting for Veterans. The meetings are held at the Hall Memorial Library on the third Thursday of the month. The meetings start at 10:30 a.m. All Veterans are welcome and encouraged to attend.

Topics include information about Veterans programs, available benefits and include speakers. There is also a social component that enhances the experience by being in the company of other veterans. If you have any questions, please call Joe Palombizio at (860) 870-3182 or email jpalombizio@ellington-ct.gov. We hope to see you there.

CT VETERANS MOBILE APP:
For iPhone, iPad and Android Devices

The Connecticut Department of Veterans Affairs Mobile Application allows Connecticut Veterans and residents to access crisis assistance by phone, text, and online chat. CT DVA services are available through the app menu, including an interactive map of Veterans clinics and hospitals in Connecticut.

The application will allow users quick access to:
• Crisis Assistance by Phone, Text Message and Online Chat
• Veterans Benefits and Services
• Healthcare and Hospitals
• Housing
• Business and Jobs
• Supporting a Veteran
• Flag Status
• Connecting with DVA on Social Media
PARKS & FACILITIES GUIDE

ARBOR COMMONS COMMUNITY ROOMS
These rooms are located within the Parks and Recreation Department office complex. These rooms are used for meetings as well as small group programs.

ARBOR PARK
Arbor Park is located on Main Street in the heart of town. Arbor Park offers a nice area to walk.

BATZ PROPERTY
Located at 97 Shenipsit Street, Batz Property is 44.86 acres of mixed forest-wild flowers and a grassy parking lot. This is the location of the community garden club.

BROOKSIDE PARK
Brookside Park is located on Route 140, approximately two miles from the center of Town. This facility has baseball, softball, soccer & football fields. There are also tennis courts, a safe structured playground, a volleyball court and a covered pavilion. Brookside Park Pavilion can be rented for small gatherings.

ELLINGTON SCHOOL FACILITIES
The Recreation Department utilizes the Ellington Public Schools as often as possible for many programs. The schools offer use of gym space for such activities as basketball, volleyball, and other indoor programs. The schools also allow usage of softball and baseball fields during the season.

SANDY BEACH
Sandy Beach is located on Crystal Lake on Route 140 in the northern end of Town. Our beach offers swimming and sunbathing opportunities on hot summer days.

SCHWARTZ PARK
Schwartz Park is located at Ellington High School at 37 Maple Street.

For more information, contact Parks and Recreation at 860-870-3118.

Photo credit: Andre J. Garant, Photography On Demand | AJG Photoguy

PARKS AND RECREATION COMMISSION

PRINCIPAL FUNCTION
The Parks and Recreation Commission and recreation staff continue to make a concentrated effort to provide a cross section of quality programming on a year-round basis. An earnest effort has been made to create and offer programs, both on a passive and non-passive basis, for all age groups within the community. Additional special events and “creative” programming continue to be of interest to the residents of the community, providing department staff with the opportunity to plan and implement family oriented activities too.

The recreation department is located at 31 Arbor Way (located next to Arbor Park and the Ellington Center Fire Department). The office phone number is 860-870-3118, and the fax number is 860-870-3198.

Normal business hours are Monday 8:30 a.m. – 6:00 p.m., Tuesday through Thursday 8:30 a.m.-4:00 p.m., and Friday 8:30 a.m.-1:30 p.m.

Our general email address is: recreationstaff@ellington-ct.gov. Comments and suggestions are always welcome, either via a phone call to a staff member, fax, email or written form. Visit our website at: parkrec.ellington-ct.gov and like us on Facebook.

STAFFING
The department is staffed by two full-time recreation professionals, one of which also serves as the director of the waterfront. In addition, the parks and recreation and human services departments have realigned their front office format to include one, shared, full-time staff member. A part-time administrative secretary still supports parks and recreation. Part-time positions (generated by revenue) include athletic officials, special skills instructors, water safety instructors/lifeguards, day camp counselors, and program supervisors. Town of Ellington applications are available at the recreation office during normal business hours; applications are also available on the Parks & Recreation website.

VOLUNTEER ASSISTANCE
Volunteer assistance continues to be a benchmark within the community, regardless of the activity. Serving as a volunteer is time-consuming but rewarding, and more importantly, it is vital to sustaining a viable community.

Recruiting, securing and approving of the over 300 individuals that volunteer on an annual basis within the town programs is an enjoyable yet time-consuming task. A person wishing to volunteer must complete a volunteer disclosure form. The department has formulated a non-certified coaching seminar that stresses the current aspects of coaching today’s youth. The department also provides technical assistance to all sports coaches as well as access to the certification process for becoming a legally registered official in softball, basketball, soccer, and lacrosse. In addition, the recreation department provides pre-season certification in CPR/FIRSTAID/AED/BBP classes (NO fee) for all volunteers that contribute to the town’s programming needs. All coaches/volunteers must complete a background check form and receive clearance before becoming a participant in the departments programs.

PROGRAMS
Traditional athletic programs continue to enjoy increased enrollment, and department staff continues to make a concentrated
effort to get the “pulse” of the community when arranging special events and passive-oriented programs. The department is always on the lookout for skilled artisans and/or individuals with special talents. Please feel free to contact the office with your suggestions.

The department provides indoor and outdoor activities on a year-round basis, using the following locations: Brookside Park (Route 140), Sandy Beach (Crystal Lake), Pinney Street Fields, and both interior and exterior facilities located at the public schools.

Classes and programs include but are not limited to youth and adult athletic team sports, special skills classes, health classes and special events. A hiking program that was formed six years ago has been well-received and meets at 9:00 am on Tuesday mornings at Arbor Park before heading out to the defined location for that day.

Pre-school programming has continued to be a very successful component of the department’s year-round offerings, specifically for ages 2 through 5.

Enrollment in the spring youth lacrosse and youth soccer programs continued to increase.

**COMPETITIVE ATHLETIC PROGRAMS**

The Recreation Department offers a three tier format: travel teams, recreational teams, and instructional leagues. The approach of the Recreation Commission is that everyone should be encouraged to compete in the athletic arena regardless of age or ability. The Recreation Commission is proud of the fact that coaches, players and spectators, in general, are well versed in their roles regarding their sport, along with promoting good sportsmanship.

Fall/Winter: To become eligible for selection to a travel team, a player must attend a minimum of two evaluation clinics. Their placement is based on evaluations submitted by independent evaluators. Travel teams compete against surrounding communities while the recreation division teams participate in an in-house program.

Although participation is the key component, providing the coaches with the “tools” for coaching is the number one priority.

**SHARED SERVICES**

The recreation department continues to interact, on a daily basis, year-round, with the Board of Education’s business office/school staff, and in particular the Board of Education’s custodial staff, whose dedication and assistance is greatly appreciated.

The continued support of services offered by the Department of Public Works should be acknowledged. The magnitude of park and beach maintenance-repairs generated by DPW is outstanding.

The support and in-kind services that are provided by both agencies are greatly appreciated, as the continual behind the scenes support helps identify Ellington as a quality community.

Thanks to the continued support from the Hall Memorial Library for allowing the department to hold various preschool events on site, and for hosting the seasonal schedule for online (ImPACT) concussion testing for the town’s youth.

**HIGHLIGHTS**

Incremental but noticeable improvements have been made at each park facility, as well as Sandy Beach at Crystal Lake, and the town’s Boards and Agencies continue to review the short and long term needs of the community.

Summer day camp has entered its 16th year of full-time hours. Our Facebook and website pages have updated program information.

In the spring of 2012, the Town of Ellington implemented a program to enhance the safety of the children that participate in contact athletics, specifically soccer, lacrosse and football. The program, ImPACT (Immediate Post-Concussion Assessment and Cognitive Testing) is the first, most-widely used, and most scientifically validated computerized evaluation system.

The annual summer town-wide musical was held in late July, with over 100 participants. A thank you to Jane Roets for continuing to be supportive in all aspects of making this program work, with support from parks and recreation and youth services.

The October 2017 Road Race/Fall Festival was extremely successful, with an all time high of registrants: (170). Appreciation to the following groups for assisting: Ellington Athletic Booster Club, Rise Above Youth group, UCONN community service students, Ellington Center Fire Department, Ellington Police Department, and Select Physical Therapy. Bahler Brothers provided assistance as well as special events for the children!

The 2017 Sprint Triathlon enrolled 96 participants and went off without a hitch. Thanks to Joy Bostick and Rob Backman for their support in making this event successful, as well as the Crystal Lake Fire Department, Ellington Police, Peddle Power, New Balance, Women’s Auxiliary Fire Department, Select Physical Therapy, and all the volunteers that manned a ‘station’!!

The various Boy Scout and Girl Scout organizations have continued to provide valuable assistance to a number of in-house parks’ projects, including the Batz Property, Hockanum River Linear Trails, Pinney Fields, etc.

The Pinney Street athletic fields continue to host league matches for soccer and lacrosse, based on their respective seasons.

The Crystal Lake School house (across from Sandy Beach) continues to serve the Parks and Recreation Department for regular use, including summer hours at the schoolhouse, offering middle school and pre-school programming.

A special note of appreciation should be forwarded to ALL of the part-time staff that service town programs. Ellington is fortunate to have secured and continued to retain quality athletic officials, summer staff and talented program instructors.

The Parks and Recreation Commission continues to show interest in creating and helping sustain town-wide walking and bicycle trails, as well as potential new athletic fields to support the current strain on the existing facilities.

**SUMMARY OF SERVICES:**

**HALL MEMORIAL LIBRARY**

**PRINCIPAL FUNCTION**

The Hall Memorial Library is a welcoming community resource for all residents seeking reading materials in various formats, research materials for school projects and lifelong learning, items for leisure and entertainment, access to computers and the internet, and great programming for all ages. The friendly staff provides personalized services to aid in research, assist with computer skills or find that just-right book. But there is so much more that happens here!

The Library has long served as the community center for Ellington. Residents come to the library for more than just the items on the shelves or even the programs offered. Community groups hold their meetings here, tutors teach their students here, students of all ages work on their group projects here, and friends and neighbors meet and catch up here. They enjoy and use the library as a space to collaborate, interact and connect.

No matter how you choose to use your library we hope you visit often and leave with a smile on your face!

**SERVICES**

The Hall Memorial Library, as the principal public library for the Town of Ellington, provides all residents with materials and opportunities for education and entertainment. The collection consists of items in many formats, including books, periodicals, newspapers, eBooks and digital audiobooks, music and audiobooks on CDs, DVDs, puzzles, puppets, online databases and reference materials, and equipment, such as eBook readers and mp3 players. These materials are categorized into the adult circulating collection, young adult circulating collection, juvenile circulating collection, and Reference non-circulating collection. For materials not found in these collections there is an interlibrary loan service that facilitates loans from libraries around the state or the country, including multiple copies of titles for book discussion groups and materials for genealogy research. Also available are computers for word processing and Internet access, black and white and color copiers and printers, a digital scanner, a fax machine, a digital microfilm reader/printer, a computer lab, notary service, passport acceptance service, exam proctoring, and meeting spaces for formal and informal gatherings. The friendly, well-trained staff is available to help find information, answer questions, recommend reading materials, and assist with usage of computers.

The Library also provides a variety of programs for residents of all ages. Story time sessions are run by the Children's Librarian for children from 9 months to 2 1/2 years old, 2 1/2 year-olds, and 3-5 year-olds. Activities for children include the annual summer reading program, movies, craft workshops, and various entertaining and educational speakers and performers. Young adults may participate in book discussions, contests, creative projects and their own summer reading program. For adults, there are book discussion series, reading programs, cultural programs, crafts and hands-on learning experiences, concerts, movies, and speakers on a range of topics, both informative and entertaining.

For those patrons who are unable to come to the Library, outreach services are provided. At Snipsic Village, the senior housing complex, a rotating collection of library books is made available on a monthly basis. There is also a delivery service to homebound patrons.

**HIGHLIGHTS**

The Hall Memorial Library experienced another busy year, serving 104,816 patrons, circulating 119,911 items and answering 3,575 reference questions.

Programs for children included over 100 story time sessions, a special story time visit by the Tooth Fairy, the annual holiday ornament workshop, and a variety of programs including musicians, magicians, book discussions, story tellers, movies and truck day. The “Read to the Dogs” program continues to draw many children to the Library on Saturday mornings. These biweekly sessions provide an opportunity for children ages 5-12 to practice their reading skills by reading aloud to specially trained “book loving” dogs. The summer reading program “Build a Better World!” featured a variety of performers and crafts programming, as well as reading fun, games and prizes for all ages, all generously funded by the Friends of the Library.

As an outreach project to the preschools of Ellington, the Library hosted a “Tellabration” story telling program that was attended by over 100 children in November. Sponsored by The Connecticut Storytelling Center, our Tellabration is part of an international celebration of the art and craft of storytelling. Literacy programs were also done as part of a cooperative with Vernon Regional Adult Ed.

For teens there were book discussions, several food-focused programs—making chocolate bark, edible sculpture and homemade pizza, and their own summer reading fun, featuring reading fun, games and prizes. For summer reading assignments, relevant titles were available for the required summer reading lists for Ellington Schools and surrounding schools.

Programming for adults featured a variety of cultural, historical and educational topics. For the “makers” there was cupcake decorating, terrarium building, votive candle holder making and fascinator hat fashioning. For the adventurers there were travel tips for a trip to Italy, hiking in the mountains of New England, and Henry Ford’s camping adventures. Other topics included decluttering, couponing, antiques evaluation, healthy chocolate treats, financial planning, solving cold cases, and author talks. The Mysteries and More Book Discussion group explored America with a series of “road trip memoirs” and then solved the crime with Sherlock Holmes in his various incarnations. Twice-weekly movie showings of newly released DVDs continued to be a hit and freshly-made popcorn provided a tasty treat. Copies of titles for book discussion groups were provided to 13 library and community-based groups throughout the year.

Friday night music continued at our popular coffee house series. In the cozy atmosphere of the after-hours library, complete with café tables and candle light, folks were entertained by an
array of musicians and groups, from folk to jazz to cabaret. A special treat was an evening with “The Rolling Beat”, a local teen band that plays a wide variety of pop ranging from Neil Diamond to The Beatles to Jackson 5. Cookies were donated by Subway of Ellington.

The Library hosts the meetings of the Ellington Historical Society and provides the programming that follows their business meetings. Topics this year included a look at the Civilian Conservation Corp program in Connecticut, the use of herbs in early American households and a visit by Dolly Madison, wife of the fourth U.S. President. These programs as well as the Society’s meetings are open to the public and anyone interested in history and Ellington is encouraged to attend.

Over 1000 meetings of community groups were held in the Library’s meetings rooms, including meetings for community and sports groups, Boy and Girl Scouts, the monthly gathering of the Ellington Mom’s Club, the Tri-Town Parkinson’s Disease Support Group and dozens of tutoring sessions. The Library again hosted sessions of Recreation Department preschool enrichment programs throughout the year. And the newly formed Veteran’s Coffee House welcomes veterans from around the area on the third Friday in the McKnight Community Room. A variety of local artists displayed their work in the exhibit area in the main hallway and children shared their varied collections in the display cases in the Children’s Department. Displays in the Nellie McKnight historic area were provided by the Ellington Historical Society.

The popularity of digital resources continues to grow. In response, our collection expanded to include over 12,000 e-books and 6,800 e-audio books accessible on our platforms, RBDigital and OverDrive. A collection of 65 popular magazine titles is also available. And the HOOPLA digital platform provides access to over 460,000 audiobooks, ebooks, streaming music and video, ebooks for children and now comics.

The Library has a collection of passes to area museums and attractions, generously funded by the Friends of the Library. These passes allow for free or discounted admission to 21 venues around Connecticut and New England, and are reservable and printable using an online system accessible from the Library website. This program has proven convenient and popular and passes were used 605 times. New additions this year were The Springfield Museums, which includes the Dr. Seuss Museum, and The New Britain Museum of American Art.

The Library again participated in the Winterfest celebration, hosting musical performances by the EHS music department, the Fourth Grade Choruses from Center and Crystal Lake Schools, and the 6th grade Windermere Instrumentalists. We also joined in Ellington’s first annual Earth Day celebration on the green, offering a “green” craft, info about recycling opportunities in town and the fun of Magic Dan. And to celebrate the total solar eclipse in August, community members of all ages gathered on the front lawn for an eclipse viewing party, complete with eclipse glasses, a variety of viewing devices, crafts, snacks and music.

Several years ago, the Library undertook a major strategic planning process, resulting in goals for improvements to the library facility. This year’s project was the renovation of the restrooms. All the restrooms, both for the public and staff are now fresh and clean and up-to-date.

In late 2017, the Hall Memorial Library was chosen from applicants from up and down the East Coast to participate in an Institute of Museum and Libraries Services federal grant-funded program called Excite!: Transformation for Libraries. A team of staff and Board members attended several training sessions, learning techniques and language to interact with and excite our community about the library and its services. As our culminating project, we identified a segment of our population we felt the library could be serving better—23 to 29-year-olds—and reached out to them through a series of discussion groups. The result is “Adulting 101”, a series of programs specifically for this age group featuring a variety of life-skill topics presented in an informal, conversational manner.

The Friends of the Library continue to be an integral part of the library operation, funding the summer reading programs, refreshments for Winterfest, Book Page book review source, and subscriptions for passes to area cultural attractions, maintaining the armillary planter, and providing seed money for new and exciting projects. This year they funded six sewing machines to support the library’s expanding “making and doing” programming. They kicked off a series of “Coffee, Tea and History” programs, hosting a visit by Abigail Adams. Other historical dignitaries will stop by several times throughout the next year. Their funds are raised through two large book sales in spring and fall, the Book Cellar used book store and the holiday cookie sale. And for the third year there was an exciting additional event—mini-golf in February! Through the hard work of the Friends, staff and community sponsors, the library was transformed into a giant minigolf course for “Take Your Child to the Library Day”. Each hole was sponsored by a local business, with Kloter Farms serving as the flagship sponsor. Great community fun for all!

All in all, the library has been busy, inside and out, serving as an important community resource for the citizens of Ellington.

**SOCIAL SERVICES**

**HUMAN SERVICES COMMISSION**

**PRINCIPAL FUNCTION**

The Human Services Department is the Town’s principal agency for providing social service needs to the community. This includes help with heating and food assistance, back to school and holiday programs, advocacy, referrals, and assistance with state and federal benefits.

**DIVISION OF SERVICES**

The department is divided into four divisions: Elderly Outreach/Municipal Agent, Senior Center, Human Services, and Youth Services. Each division has its own budget and offers programs and services unique to its division.

**HUMAN SERVICE DIVISION PROGRAMS**

The Human Services Department is responsible for the administration and oversight of programs addressing the health, emotional, social, educational and recreational needs for residents of all ages. The Human Services Commission is charged with reviewing funding requests from various service providers in an attempt to deliver quality service in the interest of meeting resident needs. Programs are classified in two categories: direct service or community-based.

**ELLINGTON SENIOR CENTER**

**PRINCIPAL FUNCTION**

The Ellington Senior Center welcomes individuals at least age 55 years old to participate in programs. Our purpose is to help participants maintain their independence, dignity and self-respect and productivity through participation in recreational, social, nutritional, educational and informational programs that promotes healthy aging.

**HIGHLIGHTS**

The Senior Center continues to offer a variety of programs to over 700 participants that spans in ages from 55 to 98 years old. Programs include nutrition, health and wellness, fitness, educational, social and recreational and transportation.

North Central Area Agency on Aging awarded the Senior Center with two grants. One grant awarded is for the nutrition program and another grant is for medical transportation through EMATS - Ellington Medical Appointments Transportation Services.

The nutrition and wellness programs have expanded during the year by offering more lunches and interactive wellness activities. The Maple Street Kitchen offers lunch two additional days by volunteers preparing café style lunches. Under the wellness program, another activity began, “The Happy Wanderers” with scheduled and planned bi-weekly hikes.

A successful holiday craft vendor fair was held on the first weekend of December with the assistance from many dedicated volunteers. Volunteers help with many activities that also includes planting and maintaining the flower and vegetable gardens.

Intergenerational activities included “Music Mondays” initiated and coordinated by an Ellington High School student. Students performed a monthly variety of music venues. Students in the National Honor Society coordinated the annual “Senior Prom” for participants to enjoy. During the academic calendar year students with an advisor assist the Maple Street volunteers. Bailey O’Brien and Eve Mattson, Girl Scouts in Troop 10188, designed and installed a “Little Library” as part of their Silver Award program.

**DIRECT SERVICES**

These services entail active hands-on involvement with residents processing information or determining eligibility for programs. Programs include Energy Assistance, Renters Rebate, Operation Fuel, Food Bank, Fuel Bank, Benefits Counseling, Back to School Assistance, Holiday Assistance, Camperships, Salvation Army and other discretionary programs.

**COMMUNITY-BASED SERVICES**

Quality community services not offered directly by Human Service staff are available to residents. These additional services are positive supports and some offer 24-hour availability while others are by appointment or referral. Services include advocacy, domestic violence prevention, legal counseling, case management, transportation, health assessment and education, and sheltering. Services are: Hockanum Valley (Transportation, Counseling & Food Pantry), Interval House, Visiting Nurse Health Care Services of CT, Big Brother Big Sister, YWCA/Sexual Assault Crisis Unit, Cornerstone Foundation, North Central Regional Mental Health Board, Kidsafe and Connecticut Legal Services.

**STAFFING**

The Senior Center is staffed by a full time Director, Assistant Director and an Administrative Secretary. Part-time staff includes a bookkeeper, two custodians, three drivers and a transportation secretary.

**TRANSPORTATION PROGRAM**

Transportation services are offered to residents to the Senior Center for social, nutritional, recreational and educational programs. Transportation is also offered for residents to go to grocery stores and to medical appointments. To be eligible to receive this service, a resident must be at least 60 years old or disabled under the age requirement. Registration is required in advance to scheduled rides.

**HEALTH AND WELLNESS**

**NUTRITION:** Maple Street Kitchen volunteers cook and serve lunches on Wednesdays and Thursdays. Lunch cost is $3.50 donation meal. Café lunches available on Mondays and Tuesdays includes salads and sandwiches. “Culture Corner” a quarterly special lunch that included Indian, Polish and Japanese menus. “Summer Concerts & Cookouts” included a monthly barbeque with various musical entertainers.

**WELLNESS PROGRAMS:** Blood Pressure and Diabetic screenings is free and provided by the Visiting Nurse & Health Services, Inc., is on site twice a month. Pedi-Care LLC offers a monthly podiatry clinic. Appointments for footcare are scheduled in advance with a registered nurse and payment is rendered at the time of service. A bi-annual “Health and Wellness Fair” is planned with vendors displaying products and services.

**FITNESS PROGRAMS:** A variety of classes are held daily and offered at a minimal cost by trained instructors. Some of the programs are Yoga, Simple Circuit, Line Dancing, Ballroom - Polka and CrosSculpting classes. Activities for fitness also includes walking and hiking clubs.
NORTH CENTRAL DISTRICT HEALTH DEPARTMENT

VISION STATEMENT
All North Central District Health Department member communities, regardless of circumstance, enjoy optimal health status and achieve the highest quality of life possible.

MISSION STATEMENT
The North Central District Health Department promotes and protects the optimal health status and well-being of our communities by:

- Administering public health regulations
- Promoting and engaging community partnerships
- Promoting primary prevention and health education

The North Central District Health Department provides Ellington with full-time health department services and is on call seven days a week, twenty-four hours a day for emergencies.

The Department is governed by a Board of Directors (Board of Health) in accordance with the General Statutes of Connecticut. Fred Journalist and Dianne Trueb serve as Ellington's representatives to the Board.

The Health Department is staffed by a Director of Health, a Chief of Environmental Services, a Director of Food & Institutional Services (all Registered Sanitarians), 1 FT Public Health Emergency Preparedness staff, a full-time Health Educator, 1 part-time Public Health Nurse, seven full-time sanitarians, 2 part-time Sanitarians and a support staff of approximately 2.5 clerical workers. We also have a full-time Bookkeeper. The Department contracts with Dr. Melvin Spielberg, who serves as our Medical Advisor.

HIGHLIGHTS
The Health District hired a Part-Time Public Health Nurse to improve our capacity to respond to public health emergencies and provide routine services for our member towns. The District has secured contracts with three (3) insurance companies in order to bill for flu vaccinations, which also provides a revenue stream for the District. The Public Health Nurse is also working to provide in-home services for those with serious asthma through the “Putting on Airs” program.

Funding was provided to the Batz Community Garden and Windermere Trails to purchase fruit trees, mulch and signage to support Ellington fruit tree trails.

SOCIAL AND RECREATIONAL PROGRAMS: The Ellington Singers with an annual Spring Musicale and Winterfest performances, Co-Ed Golf Leagues, Carving Club, Knitting, Crafts, Memories and Creative Writing, Art Classes, Bridge, Setback, Billiards, Shuffleboard, Chess, Horseshoes, Board Games, Wii Bowling and Trips to a variety of day and overnight excursions.

EDUCATIONAL PROGRAMS: Musical Insights and Multi-Media Presentations, 1:1 Technology Classes, Men’s Club, History for Fun, AARP Smart Driver Education Classes, AARP Income Tax Preparation, Visiting Nurse Presentations, UCONN Nutritional Program and Legislative Updates.

For further information contact the Senior Center at (860) 870-3133 or visit us on Monday from 8:30am-6:00pm, Tuesday-Thursday from 8:30am-4:00pm, and on Friday from 8:30am-1:30pm.

The monthly newsletter, “Maple Street Monthly” is available at the Senior Center or by visiting the town’s website http://seniorcenter.ellington-ct. Make sure to find us on Facebook.

The District also collaborated with Preschool of the Arts to fund a garden growing project to educate the children about growing healthy food.

The District is conducting a Community Health Needs Assessment (CHNA) that will inform short and long term planning for our member towns.

Food Services
The Department conducts food service inspections under Section 19-13-B42 of the Connecticut Public Health Code. The Department is responsible for plan review for all proposed food service operations or additions to existing operations.

In addition to inspection of restaurants, the Department inspects cafes, bakeries, cafeterias, food vendors at fairs and carnivals, itinerant food vendors, shellfish vendors, grocery stores, food facilities in rest and convalescent homes, clubs where food and liquor are served or dispensed and bake sales and dinners sponsored by church, fraternal and other non-profit organizations. The Health Department also inspects cafeterias and eating facilities in the public and private school systems.
Barber Shops, Beauty Salons and Nail Salons
The Health District reviews and approves plans for cosmetology salons and shops and licenses and inspects these establishments.

In Ellington, 11 salons were inspected and licensed this past year with re-inspections conducted as necessary.

Environmental Protection
The Health Department responds to cases of environmental contamination or spills including: oil spills, cases of suspected toxic dumping or contamination, radiological emergency, water pollution, and the like. The Department then works in cooperation with the town and the Department of Energy and Environmental Protection (DEEP) to undertake source investigation and abatement.

Public Pools and Recreational Areas
The Health Department inspects recreational areas during their seasonal use on a routine basis, taking water samples and testing for bacterial quality at approved recreational bathing areas. Toilets, bathhouses and other supportive facilities are also inspected. Public swimming pools are licensed and inspected.

Crystal Lake Beach Samples: The North Central District Health Department tests bathing waters at Crystal Lake between Memorial Day and Labor Day each year. Heavy rain events can result in elevated bacteria counts which necessitate temporary beach closure.

Public Swimming Pools Licensed and Inspected: 6

School Health Services
The Health Department consults with the school nurses and medical advisors of the eight towns in cases where our expertise is requested. School reporting of communicable diseases provides surveillance information important to the District and the State.

Lead
Lead poisoning is one of the most common yet preventable diseases in children. Even relatively low levels may lead to permanent damage to the nervous system and brain, interfere with growth, make learning difficult and affect I.Q. scores. The Department is currently following up on six (6) cases of elevated blood lead levels in Ellington.

The State of Connecticut’s requirement that all children under the age of six be tested is starting to reveal low levels of elevated blood lead levels often associated with older housing.

Public Health Preparedness
The Health District works continuously with Public Health partners in Regions 3 and 4 to plan, train and exercise to develop our capacity to respond to a local, regional or state public health emergency. Staff participated in the Governor’s Statewide Exercise this June; the Director was stationed at Ellington’s Emergency Operation Center during the exercise. The District participates in Ellington’s Emergency Management meetings.

Health Education
The Health District currently receives a Preventive Health Block Grant, as well as an Opioid Abuse Prevention Grant. These grants have enabled the Department to transition the Health Educator from Part-Time to Full-Time status to better serve our population. Highlights of this year’s activities are detailed previously in this report.
VISITING NURSE & HEALTH SERVICES OF CONNECTICUT, INC.

Visiting Nurse & Health Services of Connecticut, Inc. offers Home Health, Hospice and Wellness Services to residents of twenty-five communities in Eastern and North Central Connecticut. VNHSC is part of the continuum of care that communities depend on to provide services to their elderly, frail and disabled residents.

AGENCY SERVICES

YOUTH SERVICES

PRINCIPAL FUNCTION

As a department of Ellington Human Services, Youth Services mission is to provide programs and services, while building relationships which bond youth in a positive way to their families, schools, peers and community.

The staff of Youth Services is here to support and assist children from birth to 18 years old through their life transitions. Youth Services provides programs that strengthen and develop life skills needed to succeed in the many challenges facing the youth of today. The staff of youth services consists of a full-time director, a full-time youth program coordinator, part-time prevention coordinator, program instructors, rise above advisor and volunteers.

HIGHLIGHTS

Youth Services provides a wide range of programs in areas of community services activities, after-school programs, mental health services (individual, family and group), and volunteerism. For the 2017-2018 year, Youth Services and The Council for Developing a Positive Youth Culture (DPYC) had a total of approximately 12,866 children and their families participate in the following programs in school assemblies, afterschool programs and other events.

Counseling: A family therapist is employed by the town to provide sliding fee scale counseling services to the youth (under the age of 18) and their families. Referrals and advocacy are also provided to families. All services are confidential and evening hours are available by appointment. Throughout the year, approximately 55 children and families were provided this service.

Recess Zone: A program offered at three elementary school, Center, Windermere and Crystal Lake School this year; youth services offered a fun, creative and exciting activities during recess. We did a fall and winter sessions.

In-school Programs: Youth Services provided conflict resolution, coping skills and social skills programs to several classrooms in Ellington Elementary Schools.

Mindfulness Program: Youth Services provided a mindfulness program to Windermere students in their Zen Zone and Plant the Seeds evening program.

Infant/Toddler Playgroup: A great place for young children and their parents to socialize, do arts and crafts, discover, parenting networking and have lots of fun, three sessions a week offered at the old Crystal Lake School House.

Safety Town: A summer program for children beginning Kindergarten which expands the children's knowledge of safety as it relates to fire prevention, personal safety, bus and car safety, stranger awareness and playground safety.

Ready Set Kindergarten: Youth Services developed this program to help children get ready for kindergarten by learning skills needed to start the school year off right.

EMS Scavenger Hunt: A fun day when incoming 7th graders get a chance to learn the layout of middle school with team scavenger hunt with prizes. A chance to meet and talk with 8th graders as they help with the scavenger hunt.

Discover Art: An art class for youth that gives them a chance to explore all types of art and develop new skills.

Creative Connections: A program that uses children’s books to teach social skills and inspiring arts and crafts.
Fairy and Jurassic Gardens, Mason Jars, Shell Painting, Icky Sticky, Upcycle Art: Fun nights of creating gardens, crafts and slime.

Daddy Daughter Hair Night: Fathers and daughters come on for the night and father learn how some basic styles on how to do their daughters hair.

Friendship Project: A six week program which offered creative, interactive activities that will focus on friendships, reducing girl drama, wise decision making and self-worth.

Future Scientists: This program is created by two high school students who wanted to inspire young girls to have passion for science.

Project Tinker: A summer program filled with experiments, inventions, tinkering and more.

JournalMEArt: Created by a high school student to work with younger youth on using mixed media, painting, drawing and collages to create a unique book. The activities are focused on building self-confidence as you draw about what makes you awesome.

Parenting Programs: Youth Services facilitated various parenting program this year: Vaping 101, Tech Talk with Officers Tina Roy, Tech Talk: Screenagers, Angst: Reducing the stigma of Anxiety, QPR training and College 101 Parent Panel

Pie and Paint Nights, Canvas and Cupcakes: A great partnership with LuAnn’s bakery and café was created to offer the community a fun night of painting and food.

Rugged Farmer Obstacle Course: Fit for the Farm was a great community partnership at Brookside Park that brought over 300 people to run the course with obstacles like bring home the bacon, cow pie target toss and broken tractor.

Decide To Be Kind Campaign: The Decide to Be Kind Committee was formed in the summer of 2015 by Ellington Youth Services and the Council for Developing Positive Youth Culture (DPYC) with a mission to provide inspiration, education and resources to build a kinder and more compassionate community. Our hope is that individuals, families and businesses will have a growing awareness of what happens when we consistently practice and cultivate kindness in our everyday lives by: Being kind on social media, practicing good sportsmanship, celebrating diversity, being understanding of mental health issues and being kind, friendly, and compassionate in our daily interactions. This year the campaign continued with rock kindness garden in Arbor Park, Peyton Hearts, Spirit Lacrosse, Dance and Karate and Brookside Clean Up. As part Visit the website www. decidetobekind.com for more information.

Be Kind to Your Mind: As part of the mission of Decide to be Kind, mental health resources were created this year: “More Than Okay: A Guidebook for Prevention and Managing Everyday Anxiety” and the cartoon series “Kind Farm Series” to help young children learn ways to cope with anxiety.

The Ellington Council for Developing Positive Youth Culture (DPYC) is a long standing group that has been coordinating prevention services for the youth of Ellington for over 20 years. The group’s mission is to create and sustain a positive youth culture for Ellington’s youth through collaboration among the community, schools and town agencies. Membership includes key stakeholders in the community, including Ellington Youth Services, Ellington Human Services, Ellington Public Schools, Ellington Recreation Department, Resident State Troopers, faith and business community leaders and student and parent representatives. DPYC financial supported several programs in and out school like college power trips at Middle School, Peer Are Wonderful Conference, Red Ribbon Week, Dare, Safe Graduation and Gallery Night. Pens and calendar school magnets were distributed at all open houses in the fall. We also distributed a prevention newsletter, and supported the take back day and drop box for prescription medication at the resident state troopers’ office.

Rise Above, a group of high school students in Ellington with a mission of offering high school students the opportunity to learn and apply leadership skills along with being role models to their peers and youth continued in its ninth year with over 100 members. They remain to be a presence in the community through service as well as encouraging alternate forms of recreation besides drinking. The group met monthly throughout the school year in the evening. A Core Group of 13 members served as the executive board for the group. The group started the year off with the annual Fall Festival at Brookside Park and the ever-popular Dodgeball Tournaments for high school and middle school students. In late February, over 300 community members attended an amazing celebration of the arts at Gallery Night. Local artists of all ages displayed their work while young pianists entertained the crowd and the EHS Culinary Club provided the delicious desserts.

Later that month, they raised funds for the Jordyn Marie Engler Memorial Scholarship Fund at their annual Small Town Big Talent Community Variety Show. This spring’s events included Ninja Course and hosting a College Night with EHS alumni returning to share their college experiences with current high school students. The year wrapped up with over thirty Rise Above members visiting EMS to talk to the 8th graders about high school.

ELDERLY OUTREACH
SOCIAL WORKER / MUNICIPAL AGENT

PRINCIPAL FUNCTION
The Elderly Outreach Social Worker (EOSW)/Municipal Agent serves as a resource of information to elderly town residents & their families for details on programs, services, and agencies that may enable the elder to remain independent in their home environment. The EOSW serves as an advocate for Ellington elders and their families to provide information and counseling on service options/interventions and educational information. The EOSW/Municipal Agent is a trained CHOICES counselor by the North Central Agency on Aging on Medicare & health insurance issues.

SERVICES
- Conducts home visits and individual needs assessments for programs and services. Works in collaboration with local visiting nurse agencies to coordinate in-home care services to benefit the elder.
- Works with the Emergency Management Team regarding preparedness for community emergencies, & meets with Ellington senior residents to review location of shelters &/or “sheltering in place” preparations.
- Makes appropriate referrals and provides follow up contact/ case management on an as-needed basis.
- Assists clients and/or family in completing applications for various programs and services including, but not limited to Medicare and supplemental health insurance, emergency call systems, the Medicare Savings Program, Medicaid/Title 19, USDA SNAP (food stamp) benefit, Veteran’s Health Services, Connecticut National Family Caregiver Support Grant, the
Connecticut Home Care Program for Elders, Alzheimer’s Respite Grant, visiting nurse services, adult day care, housing applications, legal aid services, and information on funeral & burial service options.
- Works with the Protective Services for the Elderly Program to assist elders &/or family members who have concerns or issues of neglect, abuse or fraud.
- Works with the Tax Assessor’s office on the State of CT Office of Policy & Management tax credit programs for elderly re homeowners & eligible veterans.
- Assists eligible seniors in applying to the ACCESS Energy assistance program & Operation Fuel.
- Co-facilitator for the Ellington Veteran’s Coffeehouse which meets monthly at the Hall Memorial Library.
- Facilitator for monthly Tri-Town Parkinson’s Disease support group.

HIGHLIGHTS
- Provided information to 144 contacts about the Medicare Savings program; 75 contacts about Medicare Advantage plans; 52 calls regarding Medicare Part D prescription drug benefits; 60 contacts on Medicare; 63 inquiries about supplemental health insurance; & 39 contacts about Medicaid.
- 40 contacts from Ellington resident contacts about SNAP/food stamps
- Reviewed housing options with 81 callers. Had 21 calls about home repair/modification questions & referred callers to the Housing Rehabilitation office & the USDA Rural Development program.
- 50 contacts about legal issues & 9 calls regarding Living Wills.
- 17 persons sought information on Veteran’s issues (VA healthcare, in-home services, tax credit programs, and Tri-care for Life).
- Advised 13 callers on programs & services to assist those with Alzheimer’s Disease/dementia & support groups; 41 calls on nursing home issues; and 127 calls on in-home care options. Provided information to 33 contacts regarding the CT Home Care Program for Elders.
- Assisted 72 Ellington residents in completing an application for energy assistance &/or utility savings program issues.
- Made 349 home visits with Ellington residents to address in-person their questions/concerns and assist with applications for various programs of benefit to them. Met with 432 persons in office to review & discussed their concerns/service questions and made referrals to appropriate programs.
- 18 contacts received regarding request for transportation.
- Gave information on dental services to 11 clients; 9 vision care contacts; & 16 clients called about emergency call systems.
- 4 contacts on Hospice benefits & worked with 5 families on burial issues & options.

ELLINGTON PUBLIC SCHOOLS

BOARD OF EDUCATION

During the 2017-18 school year, the Ellington Public Schools continued to work to create a culture of learning that challenges and inspires all students on their personalized educational journeys. Building on our core values and beliefs, the district’s improvement plan, adopted by the Board of Education in October, placed an emphasis on four areas of focus: Mastery-Based Learning, Equitable Opportunities, Innovative Practices, and Personalized Learning. The district established the Mastery-Based Learning Task Force, where parents, Board of Education members, students and educators worked collaboratively to learn more about this approach to teaching and learning, and to serve in advocacy and advisory roles as the district moves forward with implementation. In August, 2017, the Ellington Public Schools completed its transition to three K-6 buildings, as each elementary school kept its fifth grade students for sixth grade to complete their final year of elementary school. As part of the transition, the preschool program moved to Windermere School, where they were quickly integrated into the welcoming school community. The special services department opened a new facility in the center of Ellington, creating a space to serve students in the former Ellington Senior Center. The new space allows the district to provide transition services in the community for 18 to 21 year olds in the ECLIPSE program, while the TEPSEP program provides educational services for expelled students. Ellington is committed to continuing a strong tradition of high student achievement at EHS. The district has worked diligently with the Board of Education Curriculum Committee to increase student learning options for all students, adding many new courses and revising and updating other courses each year. New offerings approved for the upcoming school year include UCONN ECE AP Microeconomics, Personal Finance II, Academic Writing Theory and Practice, Writing Center Internship, Aerospace Engineering, Game Design, Robotics II, Advanced Fashion Design, Culinary Road Warriors and Digital Photography - a wide range of courses to allow students to pursue their passions, develop new interests and develop a plan of study that helps them meet their own academic goals. In order to offer more options that will challenge high achieving students, 15 new AP or UCONN ECE courses have been added in the past seven years. With the addition of the Academic Writing Theory and Practice and Writing Center Internship courses, Ellington High School will be a UCONN partner school for 2018-2019 school year. UCONN will provide support, including an intern, to the high school to help establish the peer tutoring model for the writing center. Additionally, our students will be eligible to attend the writing center conference at UCONN in the fall. This is quite an honor and opportunity for our students as UCONN only works with one school each year as a partner school. For the 2017-18 school year, Ellington High School joined a small number of schools in the state to offer the prestigious AP Capstone Program. This two-course sequence is designed to equip students with the independent research, collaboration and communication skills that are increasingly valued by colleges. AP Seminar was offered in gr. 10-12 and AP Research will be offered to students in gr. 11-12 in the 2018-19 school year. Students who earn scores of 3 or higher in both AP Seminar and AP Research will receive the AP Seminar and Research certificate. The AP Capstone Diploma is awarded to students who also score 3 or higher on four additional AP Exams. AP Seminar may be taken as a stand-alone course. Ellington students performed well on the administration of the Smarter Balanced Assessment, with an especially strong performance in Language Arts. Students at Ellington High School continued to take the SAT as a state assessment, and a
field of the assessment for the Next Generation Science Standards was undertaken in grades 5, 8 and 11. Based on the statewide accountability system, Ellington High School was awarded the distinction of being one of only eleven high schools in the state to achieve a rating in the highest level of performance, Category 1. The district continued the ongoing process of revising and refining the curriculum in multiple content areas. Ellington educators were invited to present at statewide, regional and national conferences, including ATOMIC, New England Secondary Schools Consortium High School Redesign Conference, and ASCD. Ellington moved forward with the implementation of Next Generation Science Standards (NGSS), with many staff members participating in training on phenomenon-based teaching. Ellington will be a host site for regional NGSS training this August, with more than two dozen educators joining Ellington teachers working to strengthen their approach to science instruction. Ellington Middle School was honored to host a visit by the League of Innovative Schools, with educators from across the state coming to visit EMS to see students and teachers in action. As recipient of the Schools of Excellence Grant, Center School hosted a Summer Institute, bringing teachers and administrators together to learn more about tiered models of instruction. This competitive grant was awarded to only 15 schools across the state and recognizes the outstanding work done by Principal Trudie Luck Roberts and the entire Center School staff in creating excellent practices in promoting student achievement.

VISION

Ellington Public Schools grows exceptional learners and leaders who are courageous, reflective, and contributing citizens of the world.

MISSION

Ellington Public Schools creates a culture of learning that challenges and inspires all students on their personalized educational journeys.

CORE VALUES AND BELIEFS

• We empower students and staff with the skills to discover and pursue their own passions and to embrace opportunities to be courageous, reflective, and contributing citizens of the world.
• We create an equitable, inclusive and supportive culture where people are safe, accepted, and valued.
• We value learning as an enlightening, lifelong process that happens in multiple ways.
• We believe that positive relationships among all stakeholders create synergy and are the foundation for our learning community.
• We celebrate innovation, collaboration, creativity and multiple forms of success.
• We ensure that our learning environments are flexible spaces that encourage interaction, co-creation and independence.
• We have an unrelenting commitment to the belief that everyone can continually learn and grow.

THE CLASS OF 2018

The Ellington High School Class of 2018 graduated on Friday, June 22, 2018. Dr. Scott Nicol, Superintendent of Schools, presented diplomas to 170 seniors. The statistics for the Class of 2018 are as follows: 123 graduates plan to attend four-year colleges, 20 plan to attend two-year colleges, one plans to attend technical school, five plan to join the military, 17 graduates plan to enter the workforce, and four will pursue other opportunities or are undecided. The following class scholars represent the highest five percent of the Class of 2018: Daniel Meaney, Matthew Phillips, Danielle Bartlett, William Daigle, Rebekah Gerber, Lia Guerette, Sylvia Mutua, Tin Nguyen, and Ian Pyne. Daniel Meaney, the son of Daniel and Helen Meaney, is the class valedictorian. Dan is a member of the Robert W. Murphy Chapter of the National Honor Society and consistently earned high honor status. As a result of his PSAT score, Dan was named a National Merit Commended Student. He was selected for American Legion Boys State in 2017. At Boys State he was selected as Lieutenant Governor. Additionally, Dan was selected to represent Connecticut at American Legion Boys Nation where he was elected Secretary of the Senate.

Dan has exhibited school leadership qualities in many areas, serving as Class Treasurer, Executive Leader of the Band Department, Captain of the Cross Country and Track Teams, and Founder and Leader of the Debate Team. Dan has also demonstrated leadership and a strong commitment to the community through his roles as Volunteer Assistant Director for the Ellington Middle School Jazz Band, St. Luke’s Youth Ministry Teen Leader, and Senior Center Volunteer.

Dan received the Gordon C. Getchell Scholar Athlete Award and was named a CAS Scholar Athlete in his senior year. He was selected for All Conference in both Cross Country and Track.

The performing arts have been an integral part of his high school years. Dan has achieved outstanding success on a competitive dance team with the Academy of Dance in East Longmeadow, MA. Dan played the French horn in the Concert Band and Wind Ensemble and piano in the Jazz Band. He served as the Band Department Executive Leader during his junior year and, together with a classmate, published a composition. This year he was inducted into the Tri-M Music Honor Society.

Dan will attend Harvard University in the fall with an intended concentration in computer science.

Matthew Phillips, son of Craig and Stephanie Phillips, is the class salutatorian. Matt is a member and current president of the Robert W. Murphy Chapter of the National Honor Society. He has earned high honor status every quarter throughout his high school years. Personally meaningful to Matt has been his involvement with the Teen Advisory Council of the National Stuttering Association. He was selected to serve a three-year term. In this capacity, he’s able to serve as a role model and mentor for children and teens who stutter and help run associated family events. Of special note, this past fall Matt established the first Family Chapter of the National Stuttering Association in Connecticut.

Matt has served the school and community in many additional ways. Through the National Honor Society he played key roles in a silent auction to benefit a local foundation, an American Red Cross fundraiser for hurricane relief, and program entertainment at the Ellington Senior Center. He has been an active member of Rise Above, the Ellington Youth Services student leadership group, throughout his high school years and served as a Core Group Member. For the past three years he served as the co-chairperson for the Small Town, Big Talent Community Variety Show and during that time the show raised several thousand dollars for a local scholarship.

Music has been an important part of Matt’s high school experience. He played alto saxophone in the Jazz Band and also in the Marching Band where he was the section leader. He also played the French horn in the Concert Band and Wind Ensemble. For the last two years he was an officer for the instrumental music ensembles. This year he was inducted into the Tri-M Music Honor Society and served on the Executive Council.

Matt will attend the University of Connecticut in the fall as a member of the Honors Program. He will major in Speech, Language, and Hearing Sciences.

**AREA**

Ellington is located 16 miles, northeast of Hartford with 34.8 square miles of area.

**ALTITUDE**

The altitude ranges from 200 feet to 950 feet above sea level. Most of the town is approximately 450 feet above sea level.

**CLIMATE**

The average temperatures in the town are 74 degrees during the summer months and 25 degrees during the winter months. Wind directions are south to southwest in the summer, and north to west in the winter.

**POPULATION**

The population of the town has remained moderately stable over the past ten years. As of 2015, the population was approximately 15,725.

**GOVERNMENT**

The Town has a Selectman form of government, which operates under a charter adopted in 1975. The Town Meeting serves as the legislative arm of the government. The Board of Finance recommends the annual budget to the Town Meeting for approval and sets the tax rate.

**STREETS**

The Town has 94 miles of municipally maintained roads. The State of Connecticut maintains 24.62 miles of state roads which intersect the town. These are Routes 140, 286, 83, 30, 32 and 74.

**TAXES**

The Town currently has a tax rate of 31.7 mills applied to the 2017 Grand List at 70% of Fair Market Value of property. A townwide revaluation of real estate was completed in 2010.

**SEWERS**

The Ellington Water Pollution Control Authority manages three major sewer systems: Longview, Hockanum River and Crystal Lake. Approximately 90% of the commercially zoned land has direct access to the sewer system. Windermere Industrial Park has either direct or reasonable access to the sewer system.

**WATER**

The Town is serviced by CT Water Co. which have the capacity of accommodating approximately 70% of the commercial and industrial zoned land. Shenipsit Lake is the largest local water source which spans the borders of two adjoining towns. Crystal Lake is located in Ellington and stretches over an area of 175 acres. The Hockanum River runs north-south and is located in the southern part of town.

**SCHOOLS**

The Ellington school system includes five schools which provide public education for grade levels kindergarten through 12th grade inclusive. Total enrollment as of 2017-18 is 2,683 students. Within a 20-mile radius the Town has access to the University of Connecticut, Manchester Community Technical College, Eastern Connecticut State University, Trinity College and Asnuntuck Community Technical College.

**INCOME**

The Mean income per household was $84,699 as of the 2013 Census.

**HOUSING**

As of the 2015 Census, the Town of Ellington had 6,505 housing units, including 462 condominiums. There are 11 apartment complexes, one of which provides subsidized housing.

**AIRPORT**

The Town has a privately-owned airport that is centrally located to provide air carrier service to both New York and Boston. The airport can accommodate both fixed-wing aircraft and helicopters.

**RECREATION**

The Town provides beach facilities at Crystal Lake during the summer months. The State of Connecticut maintains a public boat launch at Crystal Lake. The Town maintains sports facilities at each school, Brookside Park and the High School Athletic Field, providing manicured playing fields. In 2004, a new playscape was constructed for elementary children at Center School. Brookside Park Pavilion was completed in 1991. The building, equipped with restrooms and a concession stand, is available to local groups by obtaining a permit from the Parks and Recreation Office. Arbor Park, located on Main Street, contains a walking course and 2 gazebos, picnic tables, and Sunday evening concerts sponsored by the Recreation Department. In 2012, four new tennis courts were completed at Schwartz Field next to Ellington High School. The Pinney Street fields, which include lacrosse and soccer fields, were constructed and completed in 2015.

**LOCAL BUSINESS**

The Ellington business community is currently a blend of agriculture and small commercial and industrial enterprises. The dairy industry has long been the major producer of goods, but Ellington also provides products in the fields of packaging, pharmaceuticals, sporting goods, automotives, industrial designs and printing. The Farmers Market runs Saturdays from May - October; 9am - 12:00pm in Arbor Park.

**SENIOR CENTER**

The Ellington Senior Center is located at 40 Maple Street. The hours are Monday 8:30 a.m. - 6:00 p.m., Tuesday-Thursday 8:30 a.m.-4:00 p.m., and Friday 8:30 a.m.-1:30 p.m.
